Governor's House, Government.

2nd October 1930.

T. F. KELLY, Major,  
Military Secretary.

## PRIVATE SECRETARY'S OFFICE.

### NOTIFICATION.

PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DELHI, INDIA.

As 1-2-32 in connection with the admission of candidates to the Prince of Wales' Royal Indian Military College, Delhi, India, the following information is published for the use of intending candidates—

The College provides a public school education of English, Hindi and Anglo-Indian pupils who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of these professions their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry in a university as if he had been educated at an ordinary school.

(1) Candidates will be selected from unmarriage Indian and Anglo-Indian boys of—

(a) Parents of British India.

(b) Indian States.

Selection will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration of the Port of Call, as the case may be.

(2) Candidates must have attained the age of eleven years and be under twelve years on the 31st January 1932.

(3) Candidates should attach to their application a medical certificate from the Officer Commanding a British or Indian Medical Hospital or a Civil Surgeon to the effect that they are physically fit to be received in accordance with Appendix A to the regulations.

(4) The fee will be Rs. 1,000 for each school year and one-half to be paid on admission. There will be no tuition, board, and lodging fees, and medical attendance of the ordinary kind, and, as regards provisions, one set of the uniform to be worn by students while at the College. Clothing as mentioned at boarding of cadets, including and including their clothing, books and shoes, as well as the cost of books and stationery (which will be supplied by the College) will be met by the parents or guardians of the cadets.

In addition to the fee referred to above, the parent or guardian of a cadet will be required to

deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted upon a special basis, all charges incurred will be borne by the parents or guardians of the cadets.

A full year's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full year's fee in full, even if it is ascertained that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

Notes—(1) The post, residence of one house, board, and tuition, including fees, are the cost of Indian cadets. (2) All cadets will be provided with uniform, and the fee will be used in payment of tuition who are the cost of Indian cadets and who are admitted to the College in the future.

(3) Entry to the College will not be open to candidates who are already married.

(4) Parents or guardians of candidates for admission to the College, on the terms of the regulations of the regulations, will furnish signed declarations (on duplicate) in the following form—

"I, \_\_\_\_\_, do hereby declare that I have no other child or children who are or have been or are to be admitted to the Prince of Wales' Royal Indian Military College, Delhi, India, and that it is my desire that my son/daughter should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

I further declare that I have no other child or children who are or have been or are to be admitted to the Prince of Wales' Royal Indian Military College, Delhi, India, and that it is my desire that my son/daughter should make the Indian Army, Air Force or Royal Indian Navy his profession in life. I am also and willing to pay the prescribed fee and meet the expenditure in the case of the Royal Indian Navy, or else the incidental expenses.

I declare also that—

(a) If my son/daughter is admitted to the Prince of Wales' Royal Indian Military College before appearing at an examination for admission to the Indian Military Academy, the Royal Air Force College, Cranwell, or the Royal Indian Navy,

## ENACTED

Port St. George, September 28, 1937.

In the notification of the Government of India, Legislative Department, No. 7, 10 (10-0) & D. 12, dated the 6th September 1937, published with Public Notice of Department Notification No. 43 on page 1041 of Part I of the Port St. George Gazette, dated the 18th September 1937, in the amendment to—

"For" as sub-rule 3, "and" as rule 28."

G. F. BRACKENBURY,  
Chief Secretary.

## (Enacted.)

 "category 3 jobs in the Department;" the  
 figures "20" shall be substituted.

Part VI, Group, September 27, 1937  
 [G.O. No. 36, 1937, Public (General).]

No. 438—

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 211 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following special rules—

#### RULES

1. The rules of category 3 (General) of the Madras Minor Department (hereinafter referred to as "the rules") shall be applied to the posts of the holders of the said category 3 posts as from the 1st October 1937 for the purpose of the award of increments and the payment of pension and gratuity and the payment of the balance of the salary transferred to the credit of the holder of the said category 3 posts.

2. The general and special rules applicable to holders of permanent posts here in the said rules shall apply to the holder of the said temporary post subject to the following modifications, namely—

(a) No candidate shall be eligible for appointment to the said temporary post unless he—

(i) possesses the qualifications specified in clause (a) of sub-rule (2) of rule 3 of the said rules; or

(ii) has passed the Government Technical examinations for the lower grade in the following groups of subjects, namely—

(a) Building Drawing and Estimating;  
 (b) Building Materials and Construction; and  
 (c) Carpentry and Hand work.

(3) There shall be paid to the holder of the said temporary post a pay calculated in the scale of Rs. 30-4-0 as a month.

Provided that nothing contained in this clause shall affect the operation of the rules published with Public (General) Department Notification No. 105, dated the 4th October 1936, at page 1739, in Part I of the Part VI, Group Gazette, dated the 21st October 1936, as subsequently amended; and

(4) Nothing contained in general rule 21 or in rule 3 of the said general rules shall apply to the holder of the said temporary post.

Explanation—In this rule the expression "holder of the said temporary post" shall mean the person named against the temporary post.

Part VI, Group, September 27, 1937  
 [G.O. No. 36, 1937, Public (General).]

No. 439—

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 211 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following rules—

#### RULES

1. The rules of the category of the Madras Secretariat Service in the Public Department specified below shall be mutated temporarily for the holder of posts specified herein for a period of six months commencing from the 1st October 1937 for the performance of work connected with the Revenue—

Category	Number of posts
1. Deputy District Officer .. ..	One
2. Upper Division Clerk .. ..	One
3. Typist .. ..	One

2. The general and special rules applicable to the holder of the permanent posts here in the rules of the Revenue shall apply to the holder of the said temporary posts.

Explanation—In this rule, the expression "the holder of the said temporary posts" shall mean the persons named against the temporary posts.

Part VI, Group, September 27, 1937  
 [G.O. No. 36, 1937, Public (General).]

No. 440—

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 211 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following amendments to the special rules published with Public (General) Department Notification No. 63, dated the 14th September 1936 at page 1759 of Part I of the Part VI, Group Gazette, dated the 22nd September 1936—

#### AMENDMENTS

1. To rule 1 of the said rules, for the expression "from year commencing on the 1st October 1936" the following expression shall be substituted, "from year commencing on the 1st October 1936."

2. To rule 2, the following shall be added as an explanation, "—"

"Explanation.—In this rule, the expression 'the holder of the said temporary post' shall mean the person named against the temporary post."

Part VI, Group, September 27, 1937  
 [G.O. No. 36, 1937, Public (General).]

No. 441—

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 211 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following amendments to the special rules for the Provincial Service published with Public (General) Department Notification No. 31, dated the 20th September 1936, at page 1759 to 1772 of Part I of the Part VI, Group Gazette, dated the 3rd October 1936, as subsequently amended—

#### AMENDMENTS

For sub-section (2) of clause (b) of sub-rule (2) of rule 28 of the said rules, the following sub-clause shall be substituted, namely—

"(b) after he has completed the course of instruction or training, if any—

(a) if he was recruited by transfer at his own request, the pay of the lowest grade or the minimum pay in the time-scale of pay, as the case may be, applicable to his category; and

(b) if he was recruited otherwise, the pay of the lowest grade or the minimum pay in the time-scale of pay, as the case may be, applicable to his category as notified in order case by the operation of Fundamental Rules 23 and 24."

Part VI, Group, September 27, 1937  
 [G.O. No. 36, 1937, Public (General).]

No. 442—

In exercise of the powers conferred by paragraph (b) of sub-section (2) of section 211 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following amendments to the special rules for the Provincial Service published with Public (General) Department Notification No. 206, dated the 20th September 1936, at page 1892 to 1904 of Part I of the Part VI, Group Gazette, dated the 3rd September 1936, as subsequently amended—

#### AMENDMENTS

In sub-rule (b) of clause 15 of the said rules—

(1) for the words "Notwithstanding anything contained in Fundamental Rules 30" occurring at the beginning, the expression "Notwithstanding anything contained in Fundamental Rule 30" shall be substituted; and

(2) for sub-clause (b) of clause (3) the following sub-clause shall be substituted, namely—

"(b) after he has completed his course of instruction or training, if any—

(a) if he was recruited at his own request by transfer, the pay of the lowest grade or the minimum pay in the time-scale of pay, as the case may be, applicable to his category; and

(b) if he was recruited otherwise, the pay of the lowest grade or the minimum pay in the time-scale of pay, as the case may be, applicable to his category as notified in order case by the operation of Fundamental Rules 23 and 24."

Port St. George, September 25, 1937  
(O.O. No. 1461, Public Services).

## No. 202.—

In exercise of the powers conferred by paragraph (b) of sub-section (3) of section 261 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following amendments to the general rules for the Madras Co-operative Societies published with Public Department Notification No. 485, dated 26th August 1935, of page 1132 of Part I of the Port St. George Gazette, dated the 25th August 1935, as subsequently amended.

The amendments hereby made shall be deemed to have been made and to have come into force on and from the 25th September 1937.

## AMENDMENTS.

and  
(iii) Lecturer in Banking and Rural Economics.

2. Save as otherwise provided in these rules, the general rules applicable to holders of permanent posts herein on the said rules shall apply to the holders of the said temporary posts.

3. Appointments to the temporary posts specified in column (b) of the table below shall be by the method specified in the corresponding entry in column (c) thereof:—

TABLE.		
	(1)	(2)
Principal .. ..	Appointment from between, if any of the holders of the said posts for each grade of the said institution shall be made by the Government of Madras.	
Lecturers .. ..	Appointment from between, if any of the holders of the said posts for each grade of the said institution shall be made by the Government of Madras.	
	4. The Registrar of Co-operative Societies shall be the appointing authority.	
	5. A person appointed to the service in any of the said temporary posts for short recruitment shall not be entitled to count his service in such post towards his pensionable, retirement, leave or pension in the event of his appointment in category 1, 2 or 3 either before or after the termination of his temporary appointment.	
	6. For the purposes of sub-rule (b), (d) and (e) of general rule 3 the posts of Lecturers (other than that of Principal) shall each be deemed to belong to a separate category.	
	7. (a) (i) Persons entrusted in clause (b) of sub-rule (a) of general rule 3 shall apply to appointments to the service in any of the said temporary posts for short recruitment if he has attained the age of 35 years.	
	(ii) No person shall be eligible for appointment to the service in the post specified in column (b) of the table below unless he possesses the qualifications	

Part II, Chapter, September 25, 1922  
OF D. No. 24, 1922, Madras.

By whom—

In pursuance of the powers conferred by paragraph (2) of section 21 and paragraph (3) of section 22 of the Government of India Act, 1919, the Governor hereby makes the following amendments in the several rules published with Public Notification Nos. 136, dated the 24th January 1922, at pages 125-240 of the Fort St. George Gazette, dated 11th February 1922, as subsequently amended:—

#### AMENDMENTS.

1. In rule 1 of the said rules for the expression "2nd September 1917" the expression "2nd December 1917" shall be substituted.

2. The following shall be added as paragraph 2:—  
"The staff shall be discharged as soon as the security for their employment ceases."

Part II, Chapter, September 2, 1927  
(G.O. No. 2427, Madras).

By whom—

In pursuance of the powers conferred by section 48 of the Madras Children Act, 1920 (Madras Act IV of 1920), the Provincial Government has hereby pleased to direct that the following amendments shall be made to the rules published with Local Government Notification No. 214, dated the 17th June 1922, at pages 410-411 of Part II of the Fort St. George Gazette, dated the 10th July 1922, as subsequently amended:—

#### AMENDMENTS.

1. In the said rules—  
a) for rule 81 and the heading to it, the following shall be substituted, namely:—

"Form of order for the detention of a youthful offender in a certified school."

b) An order directing detention of a youthful offender in a certified school under section 22 (1), 22 (2) or 22 (3) of the said Act with section 24 of the said Act shall be in Form VIII appended to these rules."

c) Also rule 81, of the following heading and rule shall be added, namely:—

"Form of order for the detention of a child or young person in a certified school."

d) An order directing the detaining of a child or young person in a certified school under section 26 (1) or 26 of the said Act shall be in Form VIII A appended to these rules."

2. For Form No. VIII appended to the said rules, the following form shall be added, namely:—

"Form No. VIII."

Form of the order for the detention of a youthful offender under sections 22 (1), 22 (2), 22 (3) or 24 (1), read with section 24 of the Madras Children Act, 1920 (Madras Act IV of 1920).

In the Court at Fort St. George, this \_\_\_\_\_ day of \_\_\_\_\_ 1922.

Calendar Case No. \_\_\_\_\_ of \_\_\_\_\_

To

The Superintendent of the \_\_\_\_\_ Certified School, at \_\_\_\_\_

Whereas \_\_\_\_\_ of \_\_\_\_\_ age \_\_\_\_\_ years and \_\_\_\_\_ months, residing at \_\_\_\_\_ of \_\_\_\_\_ was found guilty by the \_\_\_\_\_ of \_\_\_\_\_ of the offence of \_\_\_\_\_ and was directed to be sent to a \_\_\_\_\_ Certified School and there detained \_\_\_\_\_ under \_\_\_\_\_ and with section 24 of the Madras Children Act, 1920 (Madras Act IV of 1920):

You are to authorize and require you, the said Superintendent, to receive the said \_\_\_\_\_ into the \_\_\_\_\_ Certified School and there to keep \_\_\_\_\_ for the period ordered.

1. The detainer from \_\_\_\_\_ railway station \_\_\_\_\_ to the nearest railway station \_\_\_\_\_

2. Details of property on \_\_\_\_\_ person.

3. Descriptive roll:—

Name \_\_\_\_\_

Sex, married or single \_\_\_\_\_

Race, religion and caste \_\_\_\_\_

Previous occupations, if any \_\_\_\_\_

Age \_\_\_\_\_

Descriptive marks \_\_\_\_\_

4. An order under section 21 of the Madras Children Act, 1920 (Madras Act IV of 1920), for payment of \_\_\_\_\_ per month for two months ending \_\_\_\_\_

Given under my hand and the seal of this Court this \_\_\_\_\_ day of \_\_\_\_\_ 1922.

Signature of Resident Magistrate.

Form No. VIII A.

Form of the order for the detention of a child or young person in a certified school under section 26 (1) or 26 of the Madras Children Act, 1920 (Madras Act IV of 1920).

To

The Superintendent of the \_\_\_\_\_ Certified School at \_\_\_\_\_

Whereas after due inquiry I am satisfied that \_\_\_\_\_ who was produced before me under section 26 (1) of the Madras Children Act, 1920 (Madras Act IV of 1920), by \_\_\_\_\_ is thereunto particularly \_\_\_\_\_ and that it is expedient so send \_\_\_\_\_ to a Certified School:

You are to authorize and require you, the said Superintendent, to receive the said \_\_\_\_\_ into the Certified School \_\_\_\_\_ and there to keep \_\_\_\_\_ until \_\_\_\_\_ attains the age of \_\_\_\_\_ years.

*Part 25, Group, September 26, 1937*

(C.O. No. 26, 1937, General).

No. 742.—

In exercise of the powers conferred by section 23-A of the Indian Act, 1935 (C.F.A. of 1935), the Provincial Government are hereby pleased with effect on and from the 1st October 1937 to prohibit the possession by any person in the district of the following:—

(1) of any quantity of (a) tobacco other than pipe tobacco; (b) smoking opium; (c) Indian and foreign opium; (d) beer brewed in India; or (e) any other article, substance, or thing.

(2) of any quantity of opium or other article under a license granted by a Tribunal or Licensing Tribunal in accordance with (a) of any quantity of any other form of intoxicating drug, other than opium.

(3) of any quantity of foreign liquor other than imported spirits except under and in accordance with the terms of a permit granted by the Board of Revenue, Singapore, or under a license in Form P.A. 3 granted by the Collector.

Provided that the prohibition shall not be deemed to apply to any person from possessing liquor under a permit or license, or under a license in Form P.A. 3 or in the possession of a qualified Medical Practitioner.

No. 743.—

In exercise of the powers conferred by section 21 of the Indian Act, 1935 (C.F.A. of 1935), the Provincial Government are hereby pleased with effect on and from the 1st October 1937 to direct that the exemption contained in clause (1) of the Indian Government Notification No. 18, dated the 15th March 1935, notified in page 10 of Part 2 of the Port St. George Gazette, dated the 25th March 1935, in respect of medical practitioners and persons in the Indian River, shall not apply to the district of Salem.

No. 744.—

In exercise of the powers conferred by section 21 of the Indian Act, 1935 (C.F.A. of 1935), the Provincial Government are hereby pleased to direct that the exemption contained in clause (1) of the Indian Government Notification No. 18, dated the 15th March 1935, notified in page 10 of Part 2 of the Port St. George Gazette, dated the 25th March 1935, in respect of medical practitioners and persons in the Indian River, shall not apply to the district of Salem.

*Part 25, Group, September 26, 1937*

(C.O. No. 26, 1937, General).

No. 745.—

In exercise of the powers conferred by paragraph (1) of sub-section (1) of section 24 of the Government of India Act, 1935, His Excellency the Governor is hereby pleased to make the following amendments to the special rules published with the Government Notification No. 18, dated the 15th March 1935, notified in page 10 of Part 2 of the Port St. George Gazette, dated the 25th March 1935, in respect of medical practitioners and persons in the Indian River, shall not apply to the district of Salem.

**AMENDMENTS.**

1. In rule 2 of the said rules, for the expression "ending on the 31st October 1937" the expression "ending on the 31st October 1938" shall be substituted.

2. The following expression shall be added to rule 2 of the said rules:

*Explanation*.—In this rule, "the holder of the said temporary pass" shall mean the person counted against the said temporary pass.

*Part 25, Group, September 26, 1937*

No. 746.—In exercise of the powers conferred by sub-section (1) of section 24 of the Government of India Act, 1935 (C.F.A. of 1935), the Provincial Government are hereby pleased to direct that the exemption contained in clause (1) of the Indian Government Notification No. 18, dated the 15th March 1935, notified in page 10 of Part 2 of the Port St. George Gazette, dated the 25th March 1935, in respect of medical practitioners and persons in the Indian River, shall not apply to the district of Salem.

*Part 25, Group, September 26, 1937*

No. 747.—

In exercise of the powers conferred by section 21 of the Indian Act, 1935 (C.F.A. of 1935), the Provincial Government are hereby pleased to direct that the exemption contained in clause (1) of the Indian Government Notification No. 18, dated the 15th March 1935, notified in page 10 of Part 2 of the Port St. George Gazette, dated the 25th March 1935, in respect of medical practitioners and persons in the Indian River, shall not apply to the district of Salem.

and at a frequency of 30 complete periods per second.

(b) A high pressure alternating electric 3-phase system at a pressure of 11,000 volts between phases at a frequency of 30 complete periods per second intended for the sole purpose of lighting distribution transformers, and not for any other purpose.

(c) The installed points of the high pressure system must, with the approval of the Government and the certificate of the Telegraph authority and the Electric authority, be restricted to such.

Provided further that, in order to be able for the Government from time to time to meet with due regard to the expenses involved and to the effect upon the commercial progress of the undertaking, negotiations dealing with the above system of supply as to authorize subject to such limitations and conditions as shall be prescribed in writing by the Government shall extend to supply to be accepted for the purpose of this license.

(d) The transmission lines, towers, distributing mains and service lines may be continued or augmented in whole or in part, and shall be erected, constructed, and maintained by the licensee, in conformity with the Act and the rules thereunder and the following provisions:—

(i) The licensee shall not use overhead cables at any public place, but shall use cables underground in writing of the Electrical Inspector in each case and subject to any limitations or conditions which the Electrical Inspector may prescribe.

(ii) In the cases mentioned in the third schedule hereto or in any other streets which may at any time hereafter be added in writing by the Government all electric lines shall be laid underground.

(i) Where the transmission or electric supply lines cross or run along the houses of public, temples or of schools, religious premises, the wires shall be laid underground or at such height as will clear of the fire and safe passage of those premises. In case of dispute, such matters and heights shall be determined by the Electric Inspector.

(ii) Over or overhead lines shall not be erected in such portions of streets and thoroughfares where there is a risk for vehicles traffic after the point is reached in which the 10 feet.

(iii) In any case of its direct installation in which overhead electric lines are run, such lines shall, except with the previous permission of the Electrical Inspector be run as the sole wire.

(iv) In cases where through which electric traffic is not permitted, the poles shall be placed on the extreme side of the line and a special construction to be approved by the Electrical Inspector adopted to secure the wires clear of the street buildings.

(v) Where overhead cables are used the requirements shall be subject by the licensee to avoid any possible interference with the telephone, telegraph or telephone service due to induction effects.

(vi) If and when it is proposed to lay any transmission lines, towers, distributing mains or service lines over and underlines or buildings, the licensee shall consult the Director of Civil Aviation with a view to their being suitably situated or altered.

(vii) For the purposes of rule 66 of the Indian Electricity Rules, 1907, the maximum value of power shall be taken as 10 H.P. per square foot.

7. **Compulsory works.**—(a) The licensee shall by force suitable and sufficient transmission lines, towers and distributing mains and shall install the necessary transformers and control equipment for the satisfaction of the Government for the purpose of supplying electrical energy throughout such streets or parts of streets as are mentioned in the first schedule and in addition to such of the specified lines, in the case of difference between the Government as the first schedule and as indicated on the deposited map the latter shall prevail. The licensee shall continue to extend the works thereof at sufficient time as to complete them before 31st July 1929.

(b) The licensee within twelve months of the receipt of the notification and subject to the first proviso of clause 35 (ii) of the Schedule to the Act, the licensee shall lay down suitable and sufficient additional transmission lines, towers and distributing mains, as may be required to effect a supply in every residential or commercial within the area having a demand

of not less than 5,000 units at low tension energy per annum per mile of additional mains or towers.

(c) In addition to the streets mentioned in the first schedule the licensee shall lay down further distributing mains to an extent the length of one mile as may be directed by the Government within six months of the commencement of the supply.

(d) If the licensee fails to comply with the above provisions or directed in the terms of the Government the progress made during any portion of the year ended ending 31st July 1929 be investigated, the licensee may be notified.

(e) The licensee shall submit reports to the Electrical Inspector to Government every six months from the commencement of the license until the completion of the compulsory works specifying all supply mains and the progress made in carrying out of this license.

8. **Use of power of supply.**—The licensee shall not be at liberty to generate energy but shall lay all the power required for distribution and made from Government.

(a) Transmission lines from the Government sub-station for the purpose of supplying and transmitting energy, the licensee may use or order to be used, but shall be made by the Government, running upon three each of the power referred to in section 46 of the Act, as may be necessary and upon obtaining the general approval required by section 46 of the Act, place several transmission lines from the Government sub-station outside the area of this license to use or make existing stations. The Government of the total transmission lines from the Government sub-station and up to the area or areas receiving stations shall be subject to the license referred to the Electrical Inspector to Government (Chief Engineer for Electricity).

(b) Running up of streets and highways and making of waterways, etc. The licensee shall hereby specially authorized to open and break up the soil and pavement of the streets not regulated by the Government and contained in the second schedule to this license and also to open and break up the soil and pavement of the streets also mentioned in the said schedule at such points and places and to such extent only as shall have been previously approved in writing by the Government after the licensee has given such special orders of nature to the Government may direct and shall not proceed as the Government may direct in this behalf to the person who are entitled to work the soil and roadway and after all operations and operations shall be in accordance with any such orders have been considered in the Government.

(c) The length of the trenches to be opened at any one time at any street regulated by the Government and the period for which they may remain open shall be determined from time to time by the Government. When any street is covered up more than half the width of such street shall extend the specific authority in writing of the Government as directed to be closed for traffic.

(d) The licensee is hereby authorized to open all streets, passages and passages, etc., within the area of supply in accordance with such conditions as the Government may impose.

(e) Details of power to be directed in respect of the supply of energy—(i) The power to be directed by the licensee for supply regulated by laws shall be covered those stated in that behalf in the fourth schedule to this license.

(ii) The licensee shall provide and maintain in proper condition such articles, materials and equipment as may be prescribed from time to time or approved by the Electrical Inspector, for the construction, testing and repairing of meters and sub-stations, and in such connection with the sale of energy.

(f) **Prohibition of works.**—It shall be the duty of the licensee to give to the nearest magistrate his name and full description of any circumstances in which intention of the supply may be apprehended as a result of and immediate discontinuance of the power power or any strike or lock-out of the nature mentioned in section 10 of the Trade Disputes Act, 1927.

(g) **Provisions of clause 10 of the Schedule to the Act.**—In pursuance of clause 10 of the Schedule to the Act, in section 8 of the Act, it is hereby expressly declared that clauses IV and IX of the Schedule to the Act shall be amended from incorporation in this license.

Clause XI of the Schedule to the Act shall also be amended, those amendments to that clause to the extent that the terms changed by the licensee for meter supplied shall be fixed by the Government from time to time in accordance with the price variations observed by the licensee and without reference to an Advisory Board.

12. Government supplies meters.—The licensee shall agree to the appointment by the Government of the Advisory Board with its members appointed by the working of the license for each period and on such conditions as have been laid down in the working meter agreement entered into between the Government of Madras and the licensee (Tamilnadu Municipal Council).

13. Enforcement.—If the licensee fails to comply with the provisions of any of the clauses herein or of the working meter agreement which has been separately entered into between the Government of Madras and the licensee (Tamilnadu Municipal Council) the license may be revoked.

(s) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(t) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(u) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(v) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(w) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(x) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(y) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(z) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(aa) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ab) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ac) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ad) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ae) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(af) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ag) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ah) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ai) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(aj) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(ak) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(al) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(am) General provisions of electric power and gas supply shall be governed by the provisions of the Electricity Act, 1910, and the rules made thereunder.

(5) The expression "the licensee" shall mean and include the licensee, his heirs and the assignor, and will require for taking over the license and its permitted changes.

(6) The expression "First Anniversary" or "Second Anniversary," "Third Anniversary" and "Fourth Anniversary" shall mean the First, second, third and fourth Anniversaries to the license respectively.

(7) The expression "the required map" shall mean the plan or plans showing the area of supply, and the service to be made along which electric lines have been constructed to be laid, as hereinafter specified, which has been deposited with the Department of Publics in pursuance of the rules under the Act and which plan is signed for the purpose of authentication by the Secretary to the Government of Madras, Public Works Department, and by the applicant, Mr. D. K. Iyer.

(8) The expression "the Unit" shall mean the quantity of energy obtained as a constant of 1,000 watt-hours being equal to an electric motive force of one volt doing one hour.

(9) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. Commencement of license.—The date of the notification of the Provincial Government of Madras in the Part II of the Gazette shall be the license has been granted is the date, license entered in as "The commencement of the license."

4. In discharge.—The period within which under clause 1 (a) of the schedule to the Act, the licensee shall show that they have provided capital of Rs. 25,000 and are in a position to fully and efficiently discharge the duties and obligations imposed upon them by this license in the area of supply made, unless otherwise ordered by the Government of Madras under that clause, be six months from the commencement of the license.

(b) The period within which under clause 2 (b) of the schedule to the Act the licensee shall deposit security, and in case as to be deposited shall, within three months as ordered by the Provincial Government of Madras, be three months and Rs. 10,000 respectively.

5. Area of supply.—The area within which the supply of electricity is authorized by this license is the whole of the area contained within the Revenue taluk of Madhavarambakkam, Tenkasi, and Jambhambakkam of the Tenkasi district, and more particularly delineated and set out on the deposited map.

6. Payment of supply.—Subject to the provisions of this license and the Act and the rules thereunder the licensee shall be entitled during the continuance of the license to supply energy within the area of supply for all purposes.

Provided that the licensee shall not without adequate notice being served on them be under any obligation under section 22 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers, due regard being had to the licensee's load factor.

Provided that no supply of energy shall be constructed until the licensee shall have been approved by the Electrical Inspector to the Provincial Government and passed by him in writing and until the Provincial Government of Madras has approved (a) the form of application to be made to consumers or recipients of electricity for supply of energy, (b) the form of written contracts or agreement with the licensee agreeing to take a supply of energy and (iii) all the conditions therein included in or in connection with such contracts, and also until the Provincial Government have been duly notified of the amounts of all retail rates payable to be charged to consumers for energy supplied for various purposes.

Provided further that every change in or addition to the rules shall be communicated to the Provincial Government at least one month prior to its coming into force.

7. Supply of supply.—The system to be adopted for the supply and transmission of electric energy under this license are the following:—

(1) (a) A medium pressure alternating current 2-phase three phase supply of a maximum of the maximum terminals of 400 volts (approximately) between phases and 230 volts between phase and neutral, which shall be carried in air cables, and any other suitable electric system, and at a frequency of 50 complete periods per second.

(b) A high pressure alternating current 3-phase supply of a maximum of 10,000 volts between phases at a frequency of 50 complete periods per second.

(c) Having high pressure alternating current 2-phase energy in any standard pressure approved by Government and at a frequency of 50 complete periods per second may be carried in air cables, and in any other suitable system, and at a frequency of 50 complete periods per second.

(2) The neutral points of the high or extra high-pressure main system, with the approval of the Provincial Government of Madras and the concurrence of the Telegraph authority and the Railway authority, be connected to earth.

Provided always that it shall be illegal for the Provincial Government from time to time to issue, with due regard to the expense involved and to the effect on the commercial prospects of the undertaking, regulations dealing with the above system of supply or to authorize, subject to such limitations and conditions as shall be prescribed by the Government, other systems of supply to be adopted for the service of the license.

(3) The transmission lines, feeders, distributing mains and service lines may be overhead or underground or a combination of the two, and shall be constructed and maintained by the licensee in strict conformity with the Act and the rules thereunder and the following provisions:—

(a) The licensee shall not use overhead lines of any higher pressure than medium pressure without the sanction in writing of the Electrical Inspector to the Provincial Government, and in case of any overhead or low-pressure lines which the Electrical Inspector to the Provincial Government may permit.

(b) In the streets which may at any time hereafter be opened in writing by the Provincial Government of Madras all overhead lines shall be laid underground.

(c) Where the transmission or electric supply lines cross or pass along the margin of a road, temple or any similar religious possession, the wires shall be laid underground or at such height as will clear of the line and safe passage of such persons.

(d) Poles for overhead lines shall not be erected without the previous permission of the Electrical Inspector to the Provincial Government, and such poles shall be erected at such intervals as will clear the road for vehicular traffic after the poles are erected in less than 14 feet.

(e) In streets where through which overhead traffic is not permitted the poles shall be placed on the outside edge of the lane and a special construction to be approved by the Electrical Inspector should be kept the wires accessible from every building.

(f) In any street or in any other construction in which overhead electric lines are run, such lines shall comply with the previous provisions of the Electrical Inspector to Government in full throughout as to safety only.

(g) Where overhead lines carrying alternating current, or such, are permitted to be laid by the licensee to avoid any possible interference with the adjacent buildings or low-lying structures due to interference electric, the applicant shall be satisfied to transmit electric energy.

(h) For the purpose of the Indian Electricity Rules, 1911, the maximum wire pressure shall be taken as 10 kV. per phase line.

8. Regulations under the Act.—The licensee shall set down suitable and sufficient transmission lines, poles and distributing wires with all necessary and apparatus necessary for giving a continuous supply of energy and shall do all other work necessary for the commencement of the supply and in the satisfaction of the Provincial Government of Madras throughout such streets or parts of streets as are mentioned in the first schedule and as notified in and on the deposited map. In the case of difference between the description in the first schedule and as notified as the deposited map the latter shall prevail. The licensee shall maintain in accordance with the rules approved by the Government the commencement of the license and shall complete the work within 24 months thereof.

(2) Within twelve months of the receipt of the application and subject to the first proviso of clause VI (c) of the schedule to the Act, the licensee shall have suitable and sufficient additional transmission lines, poles and distributing

unless, as may be required to effect a supply to energy supplied, village or community within the area having a demand of not less than 5,000 units per annum per mile of additional low-voltage line (22,770 units per annum per mile of 11,000-volts line and 15,000 units per annum per mile of voltage greater than 11,000 volts).

(c) The licensee shall also undertake the construction of lines in rural areas and villages as the Provincial Government may require from time to time and to charge such rates as may be fixed by the Provincial Government subject to the following conditions:—

(i) That the charges for supply to the Sphire L.T. system shall not be less than 5,000 units per annum per mile of line;

(ii) That the charges chargeable for Sphire L.T. system shall not be less than 10,000 units per annum per mile of line for normal voltages up to 11,000 and 15,000 units per annum per mile for voltages in excess of 11,000; and

(iii) That the rates to be fixed shall not be less than those charged by the Provincial Government.

(d) In addition to the streets mentioned in the first proviso of section 2, the licensee shall lay down further distributing mains to an aggregate length of five miles as may be directed by the Provincial Government of Madras within twelve months of the commencement of supply.

(e) If the licensee fails to comply with the above provisions or should in the opinion of the Provincial Government of Madras the progress made during the period of the said period of twelve months be unsatisfactory, the license may be revoked and the revenue levied as per clause 4 (c) shall be forfeited.

(f) The licensee shall submit reports to the Electrical Engineer to the Provincial Government every six months from the commencement of the license until the completion of the company works specifying all signs, notices, and the progress made in carrying out the above license.

3. *Concerning stations.*—(a) The licensee shall lay off the energy required for distribution and supply from a hydro-electric or other source having a generating station made up of coils, the core of the lower, or the upper Government's generating station or stations. The licensee shall, however, erect one or more temporary generating stations within the area of the license as may be required and as the Provincial Government may in this behalf.

(b) Transmission lines from such licensed installations for the purpose of conveying and transmitting energy. (c) The licensee may, after an order in writing has been made by the Provincial Government of Madras authorizing upon them, each of the powers referred to in section 11 of the Act as they are necessary and upon obtaining the general approval required by section 18 of the Act, place aerial transmission lines from the receiving stations to one or more substations. The alignment of the aerial transmission lines from the receiving stations and wires in the one or more receiving stations shall be subject to the previous approval of the Electrical Engineer to the Provincial Government (Chief Engineer for Government).

(d) The licensee shall employ a Resident Electrical Engineer or technical charge of the undertaking whose qualifications are acceptable to the Government.

3C. *Handling up of wires and cables and making up of underground.*—(a) The licensee may handle up specifically authorized in open and break up the soil and pavement and other work not necessary to the Provincial Government of Madras or its local authority and deposited in the nearest warehouse in this license and also to open and break up the soil and pavement of railways also constructed in the license situated at any point and place and to such extent only as shall have been previously approved in writing by the Provincial Government after the licensee has given such special orders to the Provincial Government may direct and within six years after the Provincial Government may in this behalf to the persons who are entitled to work the soil and pavement and also all reconstruction or alterations required in accordance with any such orders have been completed by the Provincial Government.

(b) The licensee shall be responsible for the repair of any work at any one time and the period for which they may remain open shall be determined from time

to time by the Provincial Government of Madras or its local authority to which such orders are applicable. When any street is closed for more than three days the width of such street shall be the same as before its opening by the Provincial Government of Madras or its local authority as aforesaid be closed for traffic.

(c) The licensee may further authorized to cross all rivers, streams and navigable channels within or adjacent to the area of license, in accordance with such conditions as the Provincial Government may impose.

(d) *Kind of power to be obtained in respect of the supply of energy.*—(a) The power to be obtained by the licensee for energy supplied by them shall not exceed those stated in that behalf in the fourth proviso or in the case of a method of change reported by the Provincial Government of Madras in accordance with clause X of the schedule in the Act, such amount as the Provincial Government of Madras may by an order in writing, notwithstanding the licensee may enter into special contracts, subject to sections 12 and 13 of the Act, for the supply of energy.

(b) In the event where the energy is obtained from a Government power system the licensee shall conform in such rules and in conditions of working to such regulations as may be issued by the Provincial Government. If a local supply is obtained from a source other than a Government power system, the licensee shall observe the rules obtained in connection with the license provided in the fourth proviso and also the license as may be directed by the Provincial Government.

(c) *Continuity of service.*—(a) It shall be the duty of the licensee to give to the public the maximum uninterrupted and full performance of the undertaking in which interruption of the supply may be apprehended as a result of civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 12 of the Trade Disputes Act, 1929.

(b) *Provision of undertakings.*—(a) The terms of undertakings given by section 2, sub-section (1) of the Act, shall not be determined on the expiration of thirty years from the commencement of the license and as the expiration of every subsequent period of seven years during the continuance of the license. The percentage of the value to be determined in accordance with and for the purpose of sub-section (1) of section 11 of the Act of all land, buildings, works, materials and plants of the licensee (except those to be added under the second proviso of the sub-section) shall be terms per annum.

(b) In accordance with section 2, sub-section (2), clause (b) of the Act, it is hereby expressly declared that the whole or part of one or more generating stations which the Provincial Government may erect, the licensee to erect and the one or more conveying and distributing stations belonging to the licensee (and the) in connection with the undertaking as also the agreed licence of any of equipment of wiring provided by the licensee in his purchase shall form part of the undertaking for the purpose of purchase under section 3 or section 3 of the Act.

(c) During the period of notice provided in section 3 of the Act, all extensions and notices of energy obtainable to the capital revenue of the licensee shall be subject to the previous approval of the Government.

(d) *Provisions from the schedule to the Act.*—(a) In pursuance of section 2, sub-section (2), clause (1) of the Act, it is hereby expressly declared that clause 14 of the schedule to the Act shall be excepted from application in this license.

(b) *Assignment of licensee.*—(a) Any time after the commencement of the license, the licensee may assign this license or transfer the whole of that undertaking in respect of which the licensee is licensed (including all land, buildings, works, materials and plant of the licensee) to a company formed or to be formed and registered in British India, having authority to take over the license and the said undertaking at the cost may be and to assign the powers and duties the obligations given to or imposed upon the licensee under this license and the Act and the rules made under the license and such company (including all lands, buildings, works and materials, plant and fixtures of the licensee) shall be assigned and transferred to and shall be conveyed to and shall attach to such company formed or to be formed as aforesaid.

Port St. George, February 25, 1910 (P.O. No. 425, Jorjapat).

No. 34.—

REGULATIONS FOR THE REGULATION OF WATER FROM THE MOTTEN (STANLEY) RESERVOIR, AT THE GRAND ANKUT AND THE GRAND ANKUT-BANDAR, AND AT OTHER PLACES.

GO

Rules for the regulation of supply for irrigation from Stanley Reservoir.

1. Regulation of supply from the reservoir shall be in charge of the officer in charge of the Reservoir, Mottan.

2. The Curator and the Venore regulations and the Grand Anicut canal head shall be opened for irrigation on the 15th of June. If, however, the irrigation season in the reservoir is concluded, the Superintending Engineer may, after previous consultation with the Mottan, modify, advance the date of opening to any date not earlier than the 1st of June.

Note.—The Government has the right to open the reservoir at any time for the purpose of irrigation. The Government has the right to open the reservoir at any time for the purpose of irrigation. The Government has the right to open the reservoir at any time for the purpose of irrigation.

3. The discharge of the Curator, the Venore and the Grand Anicut canal at 5 a.m. and 5 p.m. every day shall be regulated by the Superintending Engineer at the Grand Anicut, taking also into account any short-notice asked for by the Executive Engineers and the time or fall in level at the Reservoir.

4. The Executive Engineers of the Curator, the Venore and the Grand Anicut canal divisions shall inform the officer in charge of the Stanley Dam, Mottan, and the Superintending Engineer at the Grand Anicut by telephone, whenever supply should be reduced below what is provided in these rules.

The Executive Engineers shall not ask for, and the officer in charge of the Stanley Dam shall not issue from the reservoir, any supply in excess of what is provided in these rules.

5. The officer in charge of the Stanley Dam at Mottan shall regulate issues from the reservoir so as to make good any deficiency at midnight any excess observed at the Grand Anicut, taking also into account any short-notice asked for by the Executive Engineers and the time or fall in level at the Reservoir.

6. The demands of the Curator, the Venore and the Grand Anicut canal are as shown in the following table:—

Time.	Curator,	Venore,	Grand Anicut	Total
	acres.	acres.	acres.	acres.
June second half	1,100	2,750	6,100	8,950
July 1st to 15th	1,140	2,800	6,200	10,140
July 16th to 31st	1,140	2,800	6,200	10,140
August first half	1,140	2,800	6,200	10,140
August second half	1,140	2,800	6,200	10,140
September first half	1,140	2,800	6,200	10,140
September second half	1,140	2,800	6,200	10,140
October 1st to 31st	1,140	2,800	6,200	10,140
From October 1st to January 31st	1,140	2,800	6,200	10,140

Supply requested will depend on the state of the reservoir and the Superintending Engineer according to the requirements.

7. In the event of a shortage of water in the reservoir, the officer in charge of the Stanley Dam, Mottan, shall regulate issues from the reservoir so as to make good any deficiency at midnight any excess observed at the Grand Anicut, taking also into account any short-notice asked for by the Executive Engineers and the time or fall in level at the Reservoir.

8. If the reservoir should fall so low as to cause apprehension of shortage of supply for irrigation, issue from the reservoir shall be restricted and the distribution of supply at the Grand Anicut and Grand Anicut regulated by the Superintending Engineer in consultation with the Collector of South Arcot and Tanjavur.

9. From 5 p.m. on the 31st of January to 5 p.m. on the 1st of June the entire flow of the river shall not be impounded but shall be allowed to pass down the river. If, however, flood should arise during this period, such portion of them as is directed by the Superintending Engineer, may be impounded.

10. The details of the regulation shall be promptly recorded in the approved form of register maintained for that purpose.

11. When the opening of the Curator, the Venore and the Grand Anicut canal is advanced to a date earlier than the 15th of June, all the dates in these rules shall be suitably advanced.

11. Regulating during floods.—(a) When the inflow exceeds the quantity required to make up the deficit of the Grand Assent, its pumping shall begin by closing the surplus sluice gradually and shall go on till the water level reaches plus 117 when from this level required to discharge 30,000 cusecs with surplus sluice closed and surplus sluice sluices open. The sluice for surplus sluice shall be completely closed and the supply in the Grand Assent sent down through the surplus sluice. Further pumping shall proceed, as long as possible, until the water level rises to plus 120.00. As the inflow after reaching this level will be stopped, by lifting the gates deep of reserve may hold such time as the water level falls again to plus 120.00, when the gates shall again be regulated to maintain this level.

(b) If the flood anticipated should exceed 50,000 cusecs, the high level sluice shall be opened immediately to discharge 10,000 cusecs, and all surplus gates shall be raised clear. If the inflow should fall again to 20,000 cusecs, the discharge through the high level sluice shall be reduced and the sluice shall be closed when the water level in the overweir again reaches plus 120.00.

Notes.—(a) During season, none of the surplus gates have to be kept closed, the high level sluice shall be kept open for preliminary flood relief.

(c) From the 1st of September when high floods need no longer be anticipated the lake level shall be allowed to rise to plus 700 and be maintained as long as conditions permit at that level by regulation of surplus gates only, all other sluices (except hydro-electric gates, if in use for power purposes) being closed till the water level falls to the lowest level at which regulation requirements could be supplied through surplus sluices. Thereafter, regulation of high level sluices shall be effected to make up the required surplus, till when water level in the lake falls below plus 700 shall the low level sluice water into operation.

### (ii)

#### *Expenditure on the regulation of the lake for the regulation of supply for irrigation*

##### *from Stanley Reservoir.*

1. The Stanley Reservoir has to supply the requirements of (a) the Forestry system, (b) the Tanager system, (c) the Grand Assent Canal system and (d) the Lower Coleman Assent system. The headworks of the Lower Coleman Assent system are 80 miles below the headworks of the other three. In order to supply the regulation at the Stanley Reservoir the supply intended to meet the requirements of the Lower Coleman Assent system will be regulated at the Grand Assent by passing down the Coleman a suitable quantity of water. The requirements of the Forestry, the Tanager and the Grand Assent Canal system will be met by regulation at the Stanley Reservoir. This will ensure supply to all four systems in such time as to be by requirements. The provisions for regulating supply to the Lower Assent system has, for these reasons, been incorporated in the rules of regulation at the Grand Assent; and consequently no mention of the Lower Assent is made in the rules for the regulation of supply from the Stanley Reservoir.

2. The table incorporated in rule 6 provides for the full requirements of the forest of the Grand Assent canal. Branches will supply will not be required in the earlier years of the development of the plantation, under the Grand Assent canal and the Tanager system, the Executive Engineer, Grand Assent Canal Division, will allow a liberal supply to encourage extension of irrigation and, subject to this proviso, take action under rule 4.

3. Reference has been made in the rules to possible trouble in the river during the summer months as there have been such floods in the past as would have interfered with sluice works and have also been in excess of the requirements. On such occasions the same supply may be suspended.

4. In the rules, the irrigation season has been fixed as 15th of June to 31st of January, in many years it will be possible to advance the season to commence on the 1st of June. It is however considered expedient to fix a later date as the security now in the rules but to advance the date in practice according to the conditions of supply in the reservoir as such a change will not compromise when at any year it is found necessary to delay once owing to shortage of supply.

5. The object of rule 15 is to minimize the effect of floods. The provision in the last sentence of sub-rule (c) is not likely to be put into operation except in exceptionally bad years.

### (iii)

#### *Notes to accompany the rules for the regulation of supply for irrigation from the Stanley Reservoir.*

1. The regulation at Yelver will depend on the observed deficiency or excess at the Grand Assent and the time of receipt of water from Yelver to Grand Assent is therefore so important before is regulation. The Koberri Assent is about at the same distance from the Grand Assent as the Stanley dam. For the purpose of regulation, the time for the transit of water from the Koberri Assent and from Yelver to the Grand Assent will be considered to be the same. Observations indicate that when the flow in the river is less than 10,000 cusecs which approximately indicates the future supply in the first fortnight after the opening of the Gateway, the Yelver and the Grand Assent canal for regulation on the 15th of June, the time of transmission from Yelver to Grand Assent is 34 days. When the flow in the river is 30,000 cusecs, which approximately is the supply after the 15th of July, the said time is two days. From the 1st of October to the 31st of December, when the flow is about 50,000 cusecs, the time may be taken as 24 days. From 1st to 31st January, it may be taken as 24 days. These periods will be adopted tentatively until observations indicate that better figures would be more reliable. It has to be noted that the time for transmission considered for the purpose of regulation should, if anything, be only slightly over-estimated.

40

*Notes for the regulation of water of the Grand Anseet and the Carvery-Venar Dependent.*

*It is—From this date only during the irrigation season with reference to the 1938 season to the first season—thereafter during the season to the first season of the first season of the first season.*

1. The Supervisor at the Lower Anseet shall telephone to the Supervisor at the Grand Anseet every day at 8 a.m. and 5 p.m. from the 15th June to the 30th of January, the discharge observed at the Lower Anseet.

The Supervisor at the Grand Anseet shall, on receipt of this information, let down into the Coleroon, by opening the Grand Anseet sluices, such quantity as is necessary to make good the deficiency observed at the Lower Anseet.

The annual requirements at the Lower Anseet are as below:—

	FTONS.
15th of June to 15th of July	150
15th of July to 30th of September	2100
1st of October to 30th of October	3,040

After the 15th of October, supply required will depend on the conditions met with and shall be fixed by the Superintending Engineer according to actual requirements.

The Executive Engineer, Double Anseet and Carvery division, shall inform the Supervisor at the Lower Anseet and the Supervisor at the Grand Anseet when supplies at the Lower Anseet may be reduced below normal and the Supervisor at the Grand Anseet shall take time account, such regulations also letting water into the Coleroon for the Lower Anseet system and also place to the Subdivisional Officer, Stanley dam, the reduction made in the supply to the Lower Anseet so that the loss from the reservoir may also be reduced suitably at once.

2. The Carvery and the Venar supplies shall be opened for irrigation on the 26th of June and supply regulated between the two rivers for the double crop area in the proportion of 3:4. The requirements of the two rivers for the double crop area will for the period be fixed as 3,120 and 5,280 cusecs from the 15th to the 30th of June.

3. From the 1st of July, the Grand Anseet Supervisor shall regulate the water so as to distribute the supply between the two rivers as shown in the following table:—

Period.	Discharge in cusecs.		Crop savings.	
	Coleroon.	Venar.	Col.	Venar.
July 1st to 15th	3,120	5,280	—	—
July 15th to 30th	3,120	5,280	—	—
August 1st to 15th	3,120	5,280	—	—
August 15th to 30th	3,120	5,280	—	—
September 1st to 15th	3,120	5,280	—	—
September 15th to 30th	3,120	5,280	—	—

(a) To be fixed by the Superintending Engineer with reference to the main water from the dam.

4. When the supply is in excess of normal requirements, a quantity up to 140 cusecs shall be let into the Venar to fill the Venar tank, then a quantity up to 800 cusecs shall be let into the Coleroon for filling the Venar tank. Thereafter the excess shall be distributed between the Carvery, the Venar, the Lower Anseet and the Grand Anseet canal in such proportion as may be fixed by the Superintending Engineer from time to time subject to these requirements and carrying capacities.

5. Should such excess be due to a temporary rise, due to loss from the reservoir to make up lowered storage, the excess shall be used in the extent necessary to make up such storage and not for filling tanks.

6. The gauge reading in the Carvery shall be reduced to 3 feet and that in the Venar to 4 feet unless otherwise directed by the Executive Engineer.

7. A weekly water system will be introduced after the 1st of October. The first system shall be started on the Thursday following the 1st of October and the supply will be the following: Sunday shall be given to the Venar. This weekly turn shall be given to the Carvery and the Venar from Sunday morning. From time to time subject to; they shall continue to the end of the irrigation season. Water in excess of 8,000 cusecs in the case subject to the turn system shall be directed to the other river.

8. When the opening of the Carvery, the Venar and the Grand Anseet canal is advanced to a date earlier than the 15th of June, all the cases in the above rules shall be correspondingly advanced except the date "15th of June" specified in rule 1 for the case of normal requirements at the Lower Anseet. In many years it will be possible to advance the date of opening to the 1st of June and the supply of 150 cusecs for the Lower Anseet from the 15th of June shall until the 15th of July, be covered by releasing if necessary the supply to the Carvery and the Venar by 80 and 70 cusecs, respectively.

9. Should the Grand Anseet Supervisor notice or receive information of heavy rain in the basin of the Venar, he shall at once lower the water gauge of the Venar to 4 feet without waiting for orders and inform to the Superintending Engineer, Tenjore and the Subdivisional Officer, Stanley dam, the quantity by which he has reduced the supply into the Venar so that a reference to this extent may be immediately made in the supplies from the Stanley reservoir.

10. Should he receive a requisition from the Executive Engineer, Cawsey or Vincent, to alter the depths of water on the rear gauge of the Cawsey or the Vincent he shall promptly carry out such requisition as long as the front gauge of the Grand Anicut is below 100 feet.

11. Should water rise in front of the regulators, he shall regulate the shutters so as to maintain whatever the Executive Engineer, Cawsey and Vincent, may have asked for and upon the Grand Anicut shutters is so to reduce the water in front of the regulators in such depths as will give the necessary level to maintain the proper depths in the two rivers.

12. Should water continue to rise, he shall regulate the shutters according to rule 11 and raise the shutters clear when the head rises to more than 4 feet on the Grand Anicut crest.

13. Should water tend to run above 100 on the front gauge of the Grand Anicut, verbal orders of the Superintending Engineer shall be obtained regarding the depths to be maintained in the Cawsey, the Vincent and the Grand Anicut canal.

When water is below 100 on the Grand Anicut crest, the regulations shall be in accordance with rules 1 to 11 above.

The working sluice shall be opened when the front gauge of the Grand Anicut exceeds 50 feet above the ruins of the Grand Anicut are all cleared. But for working purposes, it may be opened at lower levels, under such safeguards as may be prescribed by the Superintending Engineer for the frequent observation of its flow and against both in front and rear. When there is any sign of danger due to head water it shall be immediately closed.

## (B)

Appendix A to the revised rules of regulations of the Grand Anicut and the Cawsey-Vincent irrigation.

7-10.—The season has been kind so far. On 10th of June to the 10th of January is accordance with the experience of the last season.

Rule 2-11 is proposed to let down into the Cawsey at the Grand Anicut the day to day difference shown at the Lower Anicut. The requirements will be 140 cusecs from the 15th of June to the 15th of July for the double crop area and at 80 cusecs for the single area from the 15th of July to the 30th of September. If, in any year, the water for the Cawsey, the Vincent and the Grand Anicut canal be advanced, the commencement of the single crop season under the Lower Anicut system will be correspondingly advanced but the supply of 120 cusecs for the double crop area will be let down only from the 15th of June. Matters will not all decide and the system of the Vincent tank has to be specially considered. The tank can hold only a fortnight's supply. It will not be able to depend solely on the freedom in the Bhavani, the Amaravathi and the Narmada to fill the Vincent tank. Cutting off the Cawsey feeder will affect it adversely. It is desirable, however, to treat the Vincent tank as entitled to continuous supply similar to the other aqueducts under the Lower Cawsey Anicut system, saving to the Superintending in the Stanley Reservoir, of the feeder at the Cawsey. Whenever there are local broken gages left supply to the Vincent, the supply due to the Vincent tank will be cut off at the Grand Anicut. The filling of tanks will be permitted when there is surplus available and the supply from the outflow is insufficient.

This arrangement does not confer on the Vincent tank any special advantage. It only puts it on a par with the tanks under the Grand Anicut canal.

Transposition will be over by the 10th of September. From the 1st to the 15th of October, the supply to the Lower Anicut system will be made at 70 cusecs. After the 15th of October the requirements will be very small and it may be left to the Superintending Engineer to fix the supply required after the date with reference to the condition of rainfall.

Rule 2.—The working table of the Motive Power Allowance covers for 100,000 acres of double crop in the existing delta. This is made up of 50,000 existing, and 50,000 proposed. There is a working table for 17,000 out of the 50,000 acres in the Trichinopoly district above the Upper Anicut. These 17,000 therefore in only an extent of 107,000 acres to be supplied below the Cawsey dam. Besides this, an extent of 50,000 acres of alluvial land, 10,000 acres of single harvest and 10,000 acres of double crop under the Trichinopoly extension will have to be supplied on the same date as the first crop in the double crop lands in the existing delta. At a duty of 100, the extra extent requiring to be reclaimed and for feeding the lands, a discharge of 7,000 cusecs has been proposed for the first fortnight. From the Motive Power Allowance (10,000 acres actual discharge) a 1/2

Rule 3.—This rule will automatically apply till 15th of September when transposition will be over. The discharges have been worked out at the normal duties of 60 and 50 for the Cawsey and the Vincent respectively for the single crop area from 15th July to 30th September and, at present, for the double crop area and for the Motive Power area.

Rule 4.—The project working table after 60 per cent over the normal supply discharges into the delta when additional supplies of water are available from the Bhavani and other local sources. The first claim on this is given to the Vincent tank, which, however, is not a big tank, then to the Vincent tank in view of the importance of Motive of the Cawsey feeder. Project tanks will be put on the same footing as direct supply of the old delta.

The preferred supply to the Vincent tank when supply is in excess of normal requirements is—

$$\begin{aligned} & \left( \begin{array}{l} \text{Cawsey surplus of the Vincent} \\ \text{Lower Anicut system} \end{array} \right) \text{ minus } \left( \begin{array}{l} \text{Grand Anicut + Vincent system} \end{array} \right) \\ & \left( \begin{array}{l} \text{For Vincent tank} \\ \text{Cawsey 10 to Vincent} \end{array} \right) \text{ minus } \left( \begin{array}{l} \text{Existing Grand + Vincent system} \end{array} \right) \end{aligned}$$

Rule 5.—Owing to the time taken for the water to reach the Grand Anicut from Motive, there will be temporary fluctuations which should not be considered as surplus and hence the rule.

Rule 5.—Full supply for transplantation will be available till the 30th September. The double crop area of 117,638 acres will require no water from the 15th September to the 15th October. The demand is the first half of October for the single crop area will be at a higher rate than the normal. All those used to reduce the supply required in the first half of October. Demand in the second half of October will increase owing to the demand for the second crop on 117,638 acres above referred to. All this is not mathematically correct, but there is no doubt that when the 30th September the demand will be less. Hence the date for commencing rates has been changed from the 1st of September to the 1st of October. No reference is made to full supply as the supply is controlled and the requirements for full acreage periods are fixed in the rules of regulation at the Stanley reservoir.

# (H)

Rules for the regulation of the Grand Anson canal headworks.

1. The Grand Anson canal shall be opened for irrigation on the 15th of June.
2. The Grand Anson Supervisor shall, in the absence of any regulation from the Executive Engineer, Grand Anson Canal division, to reduce the supply, regulate the head dam as so to maintain the head required for the discharge as shown in the following table:—

Period.	Discharge in cusecs.	Depth in feet.
15th June to 15th July	1,000	
15th July to 15th August	1,000	
15th August to 15th September	1,000	
15th September to 15th October	1,000	
15th October to 15th November	1,000	
15th November to 15th December	1,000	
15th December to 15th January	1,000	
15th January to 15th February	1,000	
15th February to 15th March	1,000	
15th March to 15th April	1,000	
15th April to 15th May	1,000	
15th May to 15th June	1,000	

15th October to 15th January.—Supply required will depend on the state of the southeast monsoon rainfall and shall be fixed by the Superintending Engineer according to actual requirements, subject to the maximum specified above.

3. Should the supply available for distribution above the Grand Anson be in excess of normal requirements, such excess shall, after meeting the requirements of the Vaddar and the Yerramrao tanks and subject to rule 4 of the "rules of regulation at the Grand Anson and the Chaverry-Tenali regulation" be drawn as far as the tanks under the Grand Anson canal upto the maximum carrying capacity of the latter.

4. The Executive Engineer, Grand Anson canal division shall intimate the offer in charge of head works at Marri and the Supervisor at the Grand Anson supply dam to be reduced below what is provided in these rules.

\* R.R.

\* For the double crop area under Quay-Regulation—

III

*Explanatory Note—Basis of regulation at the Keweenaw head.*

Rule 1 provides for the distribution of supply proportionately for the double crop area, the apportionment being "sowing and growing" in each season.

The old rule provided for different methods of regulation according to the state of supply in the river. There have been offered no continuous proportionate supply during the irrigation season.

It was suggested that when supply in the river falls below normal, a system of ration may be observed, viz., normal supply to Yuma on Monday, Tuesday and Friday, to the Kanab on Tuesday and Saturday and to the Pendergast, Wednesday and Sunday, the amount supply during these days being distributed to the interests in proportion to their apportion.

Another suggestion made was that proportionate distribution may be made down to half maximum supply in the day, and then proportionate to the apportion may be made when the supply is low. This will give 1.50, 2.00 and 2.50 days for the Pendergast, the Kanab and the Yuma in a period of seven days. The first suggestion is based on the existing rules at regulation but if it is adopted under future conditions of controlled supply, the Kanab will be very much at a disadvantage.

If the second suggestion is adopted, it will necessitate devising suitable terms at the Yuma-Pendergast regulation and the Yuma-Volley regulation so as to ensure the two and a half days' normal supply being distributed equally between the Yuma, the Pendergast and the Volley. In the case framed for the Yuma-Volley regulation, terms were proposed before half maximum supply on the basis of four days for the Volley and three days for the Yuma. This would mean that one or other of the two rivers will get no benefit from the two and a half days' turn for the Yuma at Keweenaw head.

The terms proposed at this regulation will be dependent with. After the transposition is over about the 15th of September, the demand for water will increase and the rate of regulation at the Grand Desert and the Canyon-Yuma regulation, will provide for normal supply in the Canyon and the Yuma in alternate weeks, the balance going to the other river. This will ensure normal supplies in all rivers in alternate weeks, and a reduced supply in the intermediate weeks. Under such conditions the proportionate distribution at all stages will work satisfactorily.

Note 2 under rule 2.—The maximum supply which corresponding to 20 days run in the Pendergast, the Kanab and the Yuma is 65, 65 and 5.50 respectively. Under existing conditions, there is difficulty in maintaining such a high depth in the Kanab during the irrigation season, this may perhaps be due to accumulation of supply in the lower reaches from channels taking off the Yuma and the Pendergast. Conditions may be different after the main canals are completed. The note is inserted to give direction to direct the supply where needed to other rivers to the extent to which it is not required in the Kanab.

III

*Notes for the regulation at the Yuma and the Pendergast at the Yuma-Pendergast Regulator.*

Normal double crop area water—

Yuma	—	—	—	—	100
Pendergast	—	—	—	—	500
Pendergast—Total	—	—	—	—	600

1. From the 15th of June to the 15th of July, the stations of the Yuma and the Pendergast regulators shall be so regulated as to distribute the supply in the proportion of 1:5:10.

2. From the 15th of July, regulation shall be so made as to maintain proportionate distribution as shown in the following table (apportion being 12,000 acres under the Yuma and 12,000 acres under the Pendergast)

Yuma		Pendergast		Yuma		Pendergast

Note.—The shut-off time corresponding to the shut-off in column (2) and (4) shall be decided probably by actual measurement and record or may be fixed by rule.

3. When the level in front of the Vennar shutters rises above 6.5 there shall be no regulation and the shutters of both the Vennar and the Panduragar shall be lifted 2 feet clear over water.

4. If the date of opening of the Country, the Vennar and the Grand Aramb Canal are notified by the Superintending Engineer to be earlier than the 15th of June, the date mentioned in these rules shall be advanced correspondingly.

(36)

*Explanatory Note to the Rules of Regulation of the Vennar-Panduragar head.*

Rule 1 provides for the distribution of supply for the double-crop area in June proportionate to the double-crop against panning (see proposed).

Rule 2 has been framed for proportionate distribution, the aspects of the Vennar and the Panduragar being 31,250 and 23,300 acres. The rules framed by the Superintending Engineer provided for (1) proportionate discharge till the total supply was above annual supply at 62.5 days, (2) a system of three days below the total supply where the regulator will be normal supply discharge of the Vennar, i.e., two days' normal supply into the Panduragar and the balance into the Vennar, two days' normal supply into the Vennar and the balance into the Panduragar, and (3) another system of three days where the total supply will be below annual supply of the Vennar, i.e., supply to be distributed in the ratio of 1 to 1 for the Panduragar and the Vennar for two days and all the supply diverted to the Vennar for the remaining two days. Mathematically all these three conditions will distribute the supply as follows during the week in the proportion 1:1:1 and they agree the ratio proposed in the Vennar water works at the Vellayur head. At the latter, the revised rules framed by the remodelling division provided for a three days' turn for the Vennar and four days' turn for the Vellayur and the existing rules provide only for a continuous flow and no turn, i.e., the regulator are to be as worked as to maintain 6 inches less in the Vennar than in the Vellayur always. The rules framed for the Vennar-Panduragar will not therefore fit in with the rules proposed for the Vennar-Vellayur. Its only merit is that it recognizes the five days' and two days' turn that is observed now.

In this connection, the explanatory note accompanying rules of regulation at the Vennar-Vellayur regulator may be referred to. For the same reason, continuous proportionate supply is proposed for the Vennar-Panduragar regulator also.

(37)

*Rules of regulation of the Vellayur and the Vennar at the Vellayur Headworks.*

\* These shutters are not used—

Shutters	ft.
Vennar	5.50
Vellayur	11.5

Note—4/1/1916.

1. From the 15th of June to the 15th of July, the shutters of the Vennar and the Vellayur regulators shall be so regulated as to distribute the supply in the proportion\* of 1:2:3:2.

2. From the 15th of July, regulation shall be so made as to maintain proportionate discharge as shown in the following table:—

Vennar.				Vellayur.			
Gauge readings.		Discharge.		Gauge readings.		Discharge.	
ft.	in.	cu. ft.	sec.	ft.	in.	cu. ft.	sec.
10.0	0.0	4.00	8.0	10.0	0.0	10.0	10
10.0	1.0	4.10	8.2	10.0	1.0	10.1	10.1

10.0	3.0	4.30	8.6	10.0	3.0	10.3	10.3
10.0	4.0	4.40	8.8	10.0	4.0	10.4	10.4
10.0	5.0	4.50	9.0	10.0	5.0	10.5	10.5
10.0	6.0	4.60	9.2	10.0	6.0	10.6	10.6
10.0	7.0	4.70	9.4	10.0	7.0	10.7	10.7
10.0	8.0	4.80	9.6	10.0	8.0	10.8	10.8
10.0	9.0	4.90	9.8	10.0	9.0	10.9	10.9
10.0	10.0	5.00	10.0	10.0	10.0	11.0	11.0

\* Note—The above readings corresponding to the discharge in column (2) and (3) shall be treated preferably by actual discharge not by actual water.

3. After personal inspection of the works, the Superintending may close the Vennar by lowering the top of shutters to be flush with the water level on the front side at the Vellayur Headworks for 24 hours at the written request of the works of the Government, Vellayur, Kailashpattinam for drawing their tanks during heavy rains.

4. If work continues to proceed from the works when there is no heavy rain, the Superintending shall report there to the Executive Engineer and take his orders on the subject of closing Vennar for 24 hours.

5. The probable rise on the rear gauge of the Vellayur is consequent on closing the Vennar under rule 3 or 4 shall be reported by the Superintending to the Executive Engineer in time square with the written request of the works for submergence.

6. These rules will not be applicable during floods when regulation is made as directed by the Executive Engineer.

7. If the date of opening of the Country, the Vennar and the Grand Aramb Canal are notified by the Superintending Engineer to be earlier than the 15th of June, the date mentioned in these rules shall be advanced correspondingly.

## (18)

## Regulating Rule to the Rules of Regulation at the Fraser-Falloger dam.

In the rules framed by the Superintending Engineer, there are proposed with this supply table below half of maximum supply and a term of three days is proposed for the Vaseur and four days for the Vellager. If the same principle of regulation is adopted at the Vaseur-Mulligan regulator and at the Vaseur-Pandevagar regulator, the Vaseur below the Vaseur-Pandevagar head will get a term of only less than two days in the week. On the basis of a three-day term for the Vaseur and four days for the Vellager the available supply on two days will be mostly drawn by one or other of the two rivers. It is therefore considered necessary to reduce the rule as to maximum proportionate supply. The rule proposed for the Grand Anicut and the Chervay-Vaseur regulators will ensure normal supplies every alternative week and a reduced supply in the other weeks after the completion of the monsoon, i.e., the 15th of September. Continuous proportionate supply as now proposed will therefore ensure constant and regular water all seasons.

## (19)

## Rule for the regulation of water for the Kaveri, the Mulligan and the Appaner at the Mulligan head.

\* PARTIAL SUPPLY (see annexure -)

Discharge—						
Kaveri	11	11	11	11	11	11
Mulligan	11	11	11	11	11	11
Appaner	11	11	11	11	11	11

From 11/9/57 to 11/10/57

Rule for 11/10/57 to 11/11/57

From the 11th of June to the 11th of July, the discharges of the Kaveri, Mulligan and Appaner regulators shall be so regulated as to distribute the supply in the proportion \* of 1:1:0.75:0.25

2. From the 11th July, the distribution shall be as shown as to maintain proportionate discharges as shown in the following table the distribution being based on the basis of the specific order then, viz.:

Mulligan	11	11	11	11	11	11
Kaveri	11	11	11	11	11	11
Appaner	11	11	11	11	11	11

\* N.B.

† N.B.

2. In the above table, the discharges corresponding to the discharges in column (1), (2) and (3) shall be ordered proportionally by actual discharges and noted as such in the order of the day.

3. When supply is in excess of requirements, supply not required in any river shall be directed to any other river as directed by the Executive Engineer.

4. If the dates of opening of the Chervay, the Vaseur and the Grand Anicut are notified by the Superintending Engineer to be earlier than the 15th of June, the dates mentioned in these rules shall be advanced correspondingly.

Part IV, George, September 27, 1937  
G.O. No. 3003, (last item).

No. 317—

In answer of the queries contained by paragraph (d) of subsection (1) and paragraph (b) of subsection (2) of article 212 of the Government of India Act, 1935 the Government are desirous to hereby place in force the following special rules—

#### PROVINCE

1 The salary of clerks of the Madras Municipal Service employed under the Inspector of Municipal Councils and local boards shall be increased from twenty to the scale provided below from the 1st January 1937 to the 31st March 1938 for the performance of work connected with the conduct of elections in local bodies in the Inspector's office.—

#### POINTS

These paper divisions apply.  
These lower divisions apply.

2 The general and special rules applicable to holders of municipal local bodies on the said scale shall apply in the bodies of the said temporary posts subject to the modification that there shall be paid equally in the bodies of the said temporary posts pay indicated at the following rates—

Post.	Pay.
Top of the upper division No. 20 (maximum of intermediate pay scale).	Rs. 12-0-0
Top of the lower division No. 12 (maximum of intermediate pay scale).	Rs. 10-0-0
Bottom of the lower division No. 12 (minimum of intermediate pay scale).	Rs. 8-0-0

Provided that nothing contained in this rule shall affect the operation of the rule published with Part

(Government Department Notification, dated 12th April 1935, at page 1 to 27 of the supplement to Part I of the Port St. George Gazette, dated 18th April 1935, as subsequently amended).

Any action, in the rule, the expression "holder of the said temporary posts" shall mean "the persons referred against the temporary posts."

L. J. MOULDER,  
Secretary to Government.

Part IV, George, October 2, 1937.

No. 318—Application of the Madras Municipal Councils for a lease of Rs. 30,000 (Thousand) and above Government under the Local Applications Lease Act, 1934—

- 1 The rules for which the application is made, and in the case of the application, or any part of it, as it respects the said application, shall be published in the Port St. George Gazette.
- 2 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 3 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 4 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 5 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 6 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 7 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 8 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 9 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.
- 10 The applicant shall be in possession of the land, or any part of it, for a period of at least six months before the application is made.

Part 26, Group, September 25, 1937  
(S.O. No. 253, Educational).

No. 403...

In pursuance of the powers conferred by paragraph (ii) of sub-section (2) and (ii) of section 111 of the Government of India Act, 1920, the Secretary to the Government is hereby pleased to make the following special rules—

#### ARTICLE.

1. The order of the lower division clerks in the Madras Educational Service employed in the Education Department shall be increased temporarily by one rank for a period of two years commencing from the 1st October 1937 by the promotion of clerks in the office of the District Educational Officer, Madras.

2. The ground and special rules applicable in lieu of permanent posts borne in the said order shall apply to the holder of the said temporary post subject to the modification that there shall be paid to the holder of the said temporary post a per centum at the rate of Rs. 30 a month.

Explanation.—In this rule, the expression "the holder of the said temporary post" shall mean the person concerned against his and temporary post.

Part 26, Group, September 25, 1937

(S.O. No. 254, Educational).

No. 404.—In pursuance of the Government of India Act, 1920, and in pursuance of the Government of India Act, 1920, the Government are pleased to make the following special rules—

## JUDICIAL NOTIFICATIONS.

## PROCLAMATION.

By virtue of a Procept to me directed by His Majesty's High Court of Justice at Madras I hereby declare and give notice that a Session of Oyer and Terminer and General Gaol Delivery, to wit for Port St. George the Town of Madras and the land districts thereof and the places and districts subordinate thereto will be held in the Court House of the Court of Madras assembled on Monday the last day of November ensuing the date hereat at 10-15 in the forenoon for the trial of all crimes and offences done or committed within Port St. George or the Town of Madras or the land districts thereof and places and districts subordinate thereto and dependent thereon.

And also that at the same time and place will be held a Session of Affidavits for the trial of all crimes and offences done or committed on the High Seas.

And I hereby require and enjoin all persons bound by process to be present and give evidence at the above Session or to be served accordingly, threats to attend at the trial and pleas unaccompanied and not to depart without leave.

C. JAYARAM,  
Sole Agent of Madras.

High Court, Madras,  
12nd September 1927.

## NOTIFICATION

Under the provision of section 122 of the Code of Civil Procedure, 1908, the following amendments to rules 146 of the Code Rules of Madras and Ceylon Ordinances Volume 1 (1907), is published for the information of all persons interested and it is hereby notified that the said amendments as well as any amendments or suggestions relating thereto will be taken up for consideration by the High Court on or after the 1st November 1927—

In rule 146 substitute the words "from the date of the receipt of the notice on such matter" for the words "from the date of service."

D. APPA RAO,  
Sole Agent of Madras.

High Court, Madras,  
13th September 1927.

## NOTICES.

With Case No. 1 of 1927.

Be it known unto all that a will purporting to have been executed on 19th August 1927 by Messrs. Jagan, son of Jaganappa, Parthasarathy, residing at No. 47, Monsoon Street, Chembai, in respect of property situate in Chembai, was presented by Chembai to the Court of Madras on the 1st day of September 1927 and the Court is directed. An order as to the administration of the will will be held in this case on 11th Nov. on 22nd October 1927. Persons who may have objection to the registration of the will may appear in this case on the above date and put forth their objections. No order will be taken at the adjourned date but they may be put forward after that date.

D. JAYARAM,  
Sole Agent of Madras.

With Madras, 23rd September 1927.

A dividend is intended to be declared in the undermentioned estates. All creditors who are interested in the estates, but have not yet proved their debts, are hereby notified that if they do not prove

their debts before the 15th October 1927, they will be excluded from this dividend.—

## MADRAS PORT TRUST.

### AUDIT REPORT ON THE ACCOUNTS OF THE MADRAS PORT TRUST FOR THE YEAR 1936-37.

Letter from P. R. WATTAL, Esq., N.A., Accounts-General, and G. VENKATACHALAM CHETTI, Esq., B.A., Revenue, Outside Audit Department, Madras, Auditors of the Madras Port Trust, to the Trustees of the Port of Madras, dated the 22nd August 1937.

[Audit report on the accounts of the Madras Port Trust for the year 1936-37.]

We have the honour to report that the Revenue, Capital and Minor Accounts of the Madras Port Trust for the year 1936-37 have been audited under the rules prescribed by the Accounts-General and with reference to the rules and regulations laid down from time to time by the Madras Port Trust Board and the Government.

2. The cash and security balances at credit of the Reserve, Capital and other minor accounts on 31-3 March 1937, have been verified with pass-books, and custody receipts of the Imperial Bank of India, Madras, and with the short-term deposit receipts of the Chartered Bank of India, Australia and China, Madras.

3. The market value of the Government securities on 31st March 1937, held on account of the different accounts of the Trust and detailed in Appendix X to the Administration Report for 1936-37, has also been verified. It is observed that the total market value of the securities under Revenue Account, Madras Sukra's Home Churny Account, Leading Charges Fund Account, Capital Account and Madras Port Fund Account, have fallen below their purchase price. In the case of the other funds, the total of the market value of the securities exceeds their purchase price.

Statements of the accounts of the funds shown below and vested in the Board are appended to this report:—

- (i) Revenue Account;
- (ii) Revenue and Displacement Fund Account;
- (iii) Accident Fund Account;
- (iv) Revenue Reserve Fund Account;
- (v) Capital Account (with two accessories);
- (vi) Trust's Minor Accounts:—
  - (a) Provident Fund Account;
  - (b) Deposit Account;
  - (c) Sterling Loan Building Fund Account;
  - (d) Leading Charges Fund Account;
  - (e) Madras Sukra's Home Churny Account;
  - (f) Madras Pilgrage Fund Account; and
  - (g) Madras Port Fund Account.

The outstanding balances of the several loans shown in Appendix IX to the Administration Report for 1936-37 have been checked with the balances in the books of this office.

**Engineering Accounts—Capital Works:—**(a) The total expenditure on capital works during the year under report was Rs. 2,42,047 as against the revised estimate of Rs. 2,90,123. There was a lapse of Rs. 9,062.

Appendix V to this report compares the actual expenditure on the works with the budget and revised estimates of the year. Items 2 to 16 were not provided for in the original budget, but were included in the revised estimates of the year. This has already been commented upon in paragraph 3 of G.O. Ms. No. 509, Public Works (Madras), dated 21st March 1937. The lapses were mainly under items 1, 5, 8, 9 and 14, and are stated to be due to works not having progressed as rapidly as originally anticipated. There were excesses over the appropriation sanctioned in the revised estimate in the case of items 2 and 3, viz., the purchase of self-propelling Dredge Hopper dredges and the purchase and repairs to the barges and lighters, respectively, which, however, were sanctioned by the Government of India (Department of Commerce), in their letter No. 13-P (21)/37, dated 21st June 1937.

(b) **Work done for Reserve:—**The statement below compares the actual expenditure on Reserve maintenance works with budget and revised estimates of the year. Against the total provision of Rs. 6,53,600 in the revised estimate, the actual expenditure during the year was Rs. 6,27,505, resulting in a lapse of Rs. 26,095. The lapse in the case of item 1, viz., Dredging, is stated to have been due to the dredger having been laid up for overhaul for more months than allowed for in the budget, as also to savings under annual overhead. The savings under item 3 are attributed to larger credits received for work than anticipated. Under item 4, there was a saving due to the work of repairing the Spring Haven wharf not having been completed during the year. The lapse under item 5 is due to certain bills not having been received and paid to the Madras and Southern Mahratta Railway before the close of the year, and certain adjustments with the railway not having been made. The lapse in all other cases is stated to be due to economy in expenditure and savings realised in actual working. The excesses in the cases of items 9

and 11 were sanctioned by the Government of India (Department of Commerce) in their letter No. 13-P (21)/37, dated 24 June 1937 :-

	Estimated work.	Working grant.	Quota.	Grant.	Balance.	Balance with estimate for 1937-38.

Grand Total .. .. .	8,02,380	8,02,380	8,02,380	1,855	..	27,000

(c) *Revised and Replacement Fund Work.*—The several works carried out from the Revenue and Replacement Fund together with expenditure on each work and budget and revised estimates (thereof) are given below :-

	Original estimate.	Revised estimate.	Quota.	Excess.	Balance with estimate for 1937-38.
(1)	(2)	(3)	(4)	(5)	(6)
1 Rebuilding the tracks on the Dock Quay—Estimate Rs. 40,000 .. .. .	4,000	1,400	7,727	..	132
2 Removal of sewage water service pipe from 4 inches to 6 inches diameter—Estimate Rs. 5,700 .. .. .	..	200	210	..	..
3 Rebuilding with 8 inches diameter main pipe a portion of the service pipe from the Dock Quay—Estimate Rs. 1,000 .. .. .	1,000	8,000	6,324	..	300
4 Rebuilding the existing 8 inch light in Dock Quay—Estimate Rs. 5,000 .. .. .	..	400	400	..	2
5 Rebuilding the existing machine No. 32, with a new clamping machine—Estimate Rs. 1,200 .. .. .	..	1,200	5,000	..	..
6 Rebuilding the "Landing" working machine with a new clamping machine—Estimate Rs. 2,000 .. .. .	2,000	2,200	2,200	..	3
7 Rebuilding the engine of the 2½ ton portable engine—Estimate Rs. 5,000 .. .. .	5,000	5,000	..	..	3,000
8 Removal of the roof of a portion of the passenger's house—Estimate Rs. 1,500 .. .. .	1,000	1,800	1,700	..	10
9 Rebuilding the existing plant for a new electric welding plant—Estimate Rs. 1,000 .. .. .	2,000	2,000	1,800	..	..
10 Removal of the 6 inch water main in the Dock Quay—Estimate Rs. 1,000 .. .. .	1,000	1,800	1,500	..	10
11 Rebuilding the portable steam engine, No. 1, in the Dock Quay—Estimate Rs. 1,200 .. .. .	1,200	1,200	310	..	870
12 Removal of 6 inch water service pipe in the Dock Quay—Estimate Rs. 500 .. .. .	..	140	140	..	..
13 Rebuilding the electric installation in the Dock Quay—Estimate Rs. 470 .. .. .	..	10	10	..	..
14 Rebuilding one of the portable steam engines, No. 2, in the Dock Quay—Estimate Rs. 1,200 .. .. .	..	200	200	..	..
15 Removal of service 8 inches G.I. and 4 inches G.I. gas service or milk water pipe line .. .. .	5,000	..	..	..	..
16 Removal of service 4 inches fresh water pipe line .. .. .	2,000	..	..	..	..
17 Removal of service 4 inches fresh water pipe line .. .. .	1,200	..	..	..	..
Grand Total .. .. .	10,400	16,160	11,476	1	4,681

Items 2, 4, 5, 12, 13 and 14 were not provided for in the original estimate, but were included in the revised estimate. The surrender of the entire grant under items 15, 16 and 17, is stated to be due to the postponement of the works to 1937-38. The lapse of the entire grant under item 7 is stated to be due to the change in the type of the engine to be installed.

and delay in ordering the same. The losses in other cases were small and add for no special remarks. There was a small excess of Rs. 1 in the case of item 3, which has been regularised under Government sanction.

**Supplies Accounts.**—The supplies transactions of the year disclose a net credit to Capital of Rs. 29,321 which was due mainly to a decrease in the balance of stock. The balance under the various heads on 31st March 1936 and 31st March 1937, are shown below:—

	31st March 1936	31st March 1937
Stock purchases .. .. .	Rs. 8,555	Rs. 3,345
Stores on deposit .. .. .	75,040	52,405
Miscellaneous Public Works Advances .. .. .	8,543	8,230
Work done for revenue .. .. .	60,534	73,952
Work done for repairs and replacement fund .. .. .	4,705	1,392
Workshop expenses .. .. .	31,582	13,636

**Stock purchases.**—The closing balance of Rs. 3,345 represents the total of 23 items which are all current.

**Stores on Deposit (Stock).**—The stock was verified by the Mechanical and Electrical Engineer and the Assistant Mechanical Engineer from 29th July 1935 to 4th August 1936. The discrepancies detected during verification were adjusted under proper heading.

**Miscellaneous Public Works Advances.**—The closing balance is composed of the following items:—

(1) Work done and stores supplied to the Traffic Manager of the Tram .. .. .	Rs. 751
(2) Work done and stores supplied to the Deputy Port Commissioner .. .. .	3,150
(3) Advances payments to Madras and Southern Mahratta Railway for carrying out repairs to weigh bridges .. .. .	1,078
(4) Charges incurred on behalf of Messrs. John King and Company, contractors for the supply of new dredger .. .. .	2,480
(5) Sundry items .. .. .	1,168
<b>Total .. .. .</b>	<b>8,553</b>

Items (1) and (5) are interdepartmental adjustments, which have since been adjusted. Item (3) represents advances paid to the Madras and Southern Mahratta Railway Company, for carrying out repairs to weigh bridges and the adjustment is held over, pending the receipt of the bill from the Railway Company. The amount of Rs. 48 has been adjusted from the security deposit of the contractors in May 1937.

**Work done for Revenue and Repairs and Replacement Fund.**—The balances outstanding on 31st March 1937 have since been received by the accounts for May 1937.

**Workshop Maintenance Expenses.**—The balance of Rs. — 33,936 is made up of—

(a) Materials on hand .. .. .	Rs. 7,816
(b) Direct charges remaining unpaid .. .. .	21,745
<b>Total .. .. .</b>	<b>29,561</b>

The cost of materials on hand amounting to Rs. 7,816 is composed mainly of the following items:—

(1) Fuel oil .. .. .	Rs. 3,554
(2) Solignum .. .. .	789
(3) Coal .. .. .	580
(4) Metal .. .. .	771
(5) Spare parts of Diesel Motor .. .. .	380
(6) Lubricants .. .. .	316

The amount of Rs. 21,745 relates to material under bills and suppliers' bills and do not call for any special remarks.

**Deposits.**—The balance at the end of March 1937, was Rs. 33,416 as against Rs. 41,809 at the end of March 1936. The details of the deposits as at 31st March 1937 were as follows:—

Security deposits of contractors .. .. .	Rs. 26,778
Earned money deposits .. .. .	8,420
Amounts recovered from contractors and others pending payment to outside parties .. .. .	120
Deposits for works pending .. .. .	344
Amounts credited in deposits pending adjustments to proper heads .. .. .	2,153
<b>Total .. .. .</b>	<b>35,415</b>

**Tools and Plant.**—The tools and plant articles were verified by the Mechanical and Electrical Engineer, Assistant Mechanical Engineer and the Assistant Engineer on the 11th October 1930. The verification revealed shortages in three items for which provisions have been made effected.

**Materials-at-rite accounts.**—Materials worth Rs. 16,973 were at site of works on 31st March 1937 due against Rs. 41,994 on 31st March 1936. These were verified by the Devising Master and an Assistant Engineer on 31st March 1937 and 1st April 1937, respectively. The verification is stated to have disclosed no discrepancy.

**Flouting charges.**—The amount of uncollected charges at the end of the year was Rs. 17,005-3-7 as against Rs. 44,817-2-3 at the end of 31st March 1936. They were all collected in April 1937.

**Rate of Working Expenses to Income.**—The following statement shows the percentage of Working Expenses to Income during the last five years:—

Year.	Receipts	Expenditure (including contributions to various funds and Trusts).			Percentage of working expenses to income.
		1934-35.	Working expenses.	Total.	
		Rs.	Rs.	Rs.	Rs.
1935-36	.. ..	19,04,384	17,31,415	36,35,799	90.95
1936-37	.. ..	20,81,271	19,55,749	40,37,020	93.95
1937-38	.. ..	23,53,438	5,00,000	(A) 28,53,438	(A) 21.14,899
1938-39	.. ..	(B) 27,34,131	1,41,000	(B) 28,75,131	(B) 25,76,711
1939-40	.. ..	36,48,218	8,25,822	44,74,040	22.65

**Note.**—(A) Includes a sum of Rs. 1,33,771 retransferred in 1939-40, has been adjusted here as pertaining to the year 1938-39.

(B) Includes a sum of Rs. 3,33,171 for reasons stated above.

(C) The contribution of Rs. 1,50,000 from Port Funds to Reserve Account has been deducted from the figure of gross receipts to arrive at the actual income of the Trust.

There has been an increase in the percentage of Working Expenses (including debt) charged to income during the year under review. The increase occurred mainly under 1 (a) Engineering; 2 (b) Portage contract; 3 (c) Engineering and maintenance; 4 (d) Pension and Gratuity; 5 (e) Loss on Investments, and 6 (f) Law charges. The increase under 1 (a) Engineering is explained as due to the transfer of certain employees from work-charged establishment to the schedule of staff. 2 (b) Portage contract shows an increase on account of an appreciable increase in the volume of exports during the year under review. The increase under 3, Engineering and maintenance is stated to be due chiefly to the heavy renewal of tools, maintenance of new roads at South Quay and to the increase in traffic of the Port. The large increase under 4 (d) Pension and Gratuity is stated to be due to the heavy payment of gratuities to senior officers and employees of the Board, who retired during the year. The surpluses have been transferred to the providing shareholders, and this has resulted in a loss under the head 5 (e) Loss on Investments. The expenditure under 6 (f) Law Charges was normal during the year under review.

**Financial position.**—The statement below shows the receipts and expenditure of the Madras Port Trust during six years from 1931-32 to 1936-37:—

Year.	Gross Receipts Rs. 10 Lakhs.	Receipts from Govt. Rs. Lakhs.	Total.	Gross Expenditure Rs. 10 Lakhs.	Net Expenditure Rs. 10 Lakhs.	Reserve Rs. Lakhs.	Closing Balance Rs. Lakhs.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1931-32	3,76,653	10,50,943	14,27,596	12,81,663	1,46,933	11,77,000	4,28,800
1932-33	4,37,080	13,45,000	17,82,080	15,53,030	2,29,050	13,57,950	2,42,360
1933-34	5,47,068	16,81,000	22,28,068	20,86,678	1,41,390	15,16,560	2,45,000
1934-35	5,57,000	22,74,000	28,31,000	26,31,000	2,00,000	17,16,560	2,45,000
1935-36	5,57,000	11,48,000	17,05,000	17,05,000	0	17,16,560	2,45,000
1936-37	8,10,000	30,45,000	38,55,000	31,00,000	7,55,000	10,11,560	4,41,000

**Note.**—The figures have been rounded to nearest thousands.

As compared with the year 1935-36, the receipts during the year 1936-37 shows an increase of about Rs. 45,000 (after crediting Rs. 1,40,000 contributed from Port Funds in 1935-36) which is ascribed to be due mainly to the increase in the volume of exports. The expenditure (including the transfers to Capital and Reserve Funds) also shows an increase of about Rs. 27,000 which has been explained in detail in the previous paragraph.

The value of the black capital of the Trust rose from Rs. 4,627 crores on 31st March 1936 to Rs. 4,692 crores on 31st March 1937, with the outstanding loan liabilities for the year under review fell from about 282½ lakhs to about 192½ lakhs. (These figures include the net liability in respect of the sterling loan raised in England for the repayment of which a Sinking Fund has been created.)

[illegible]

# APPENDIX II. STATEMENT OF RECEIPTS AND CHARGES OF THE REVENUE AND REPLACEMENT FUND ACCOUNT FOR 1936-37.

Receipts.	SS. A. P.	Charges.	Balance forward.
1. Opening balance—			SS. A. P.
(1) Government securities (purchase price) .. .. .	6,16,123 56 8	(1) Removal of 8" gas service or milk supply pipe line from the power-house to north of north station gate (part removed) and from shop shed to south main railway line .. .. .	4,409 12 3

TIG Reversed a \$18 statement of claims paid during August 2007 on account of shortage in railway traffic.

254. Received the following letters received from the Assistant Secretary to the Government of India, Department of Commerce:—

④ Letter No. 13-P-53837, dated the 26th August 1957, stating that the Central Government had been advised by the Department of Labour, that the Board on the basis of the report of the Committee on the subject of the Minimum Wage Bill, dated the 21st May 1957, for the payment of bonus to workers on the different wage schemes referred to in sections 30 and 32 of the Minimum Wage Act, 1948, subject to the proviso that the bonus be at the rate of 10 per cent of the employee's wages for the period of the year in which the bonus is payable. The Board is of the opinion that the Government should not pay bonus to workers on the basis of the wages for the period of years mentioned in the contract, but should pay bonus on the basis of the wages for the period of years for any possible extension of the contract that may be applied for and granted to the workers.

and Letter No. 15-F (20/IV), dated the 1st May 1967, regarding the members of the Centre Government in the addition to Grade F of Part IV of Book I of the Revised Guide of Rules to enable the Board to have the freedom to call outside post holders and to take their names in agreement for the purpose and requesting the Board to publish the necessary notification in the Form 34. Secretariat Conference Resolution No. 18, dated the 30th July 1967.

1st Letter No. 10-F 55121, dated the 1st September 1937, concerning the services of the Central Government in the payment of a compensation of 100,000 to Georgia, China, Korea and Yankai Shan, on a daily wage of 2000 dollars, for the period of the temporary displacement from 20th June 1937 to 20th July 1937 - vide Resolution No. 225, dated the 20th August 1937.

Gr) Letter No. 12-9 04137, dated the 2nd September 1950, covering the payment of the Central Government to the representatives of the present time's job's boat at an estimated cost of Rs 1,100 payable to the Madras Port Trust Account, under "B-Working Classes-Supplies and Services-Port boat charges to be met from the surplus balance of the amount for the year 1949-50." (Madras Revenue No. 27), dated the 22nd August 1950.

176. Deposits, bank deposits and cash held by the Imperial Bank of India, Madras and London, and deposits with the Chartered Bank of India, Australia, and China, Madras, and deposits with the Post Office Savings Bank, etc., for the Madras Port Trust on the 30 September 1927 were ordered to be included as follows:

### GOVERNMENT OF INDIA.

#### LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 19th September 1937:—

L. A. BILL No. 22 of 1937.

A Bill to amend certain enactments.

Whereas it is enacted that the enactments specified in the Schedule which are spent or have otherwise become unnecessary or have ceased to be in force otherwise than by express repeal, should be expressly and specifically repealed; It is hereby enacted as follows:—

1. This Act may be called the Repealing Act, 1937.

[illegible]

[illegible]

The present Bill contains proposals for the repeal of several hundred enactments, including Acts, Regulations and portions of Acts or Regulations, which have passed in more than 100 years in the various legislatures. A few other enactments are included which are either the subject of amendments or are consequential on the effect of which are repealed. The subject of the Bill is the repeal of the Acts, Regulations and portions of Acts or Regulations which have passed in more than 100 years in the various legislatures. The subject of the Bill is the repeal of the Acts, Regulations and portions of Acts or Regulations which have passed in more than 100 years in the various legislatures.

The Bill does not include for repeal any Act or Regulation passed later than the close of the year 1913, that is to say, no enactment is to be repealed unless it has been in existence for ten complete years. During the period of publication of the enactment in the volume of statutes of the year has been secured, its contents has had ample time to be ascertained, and there has been ample opportunity for any amendments introduced by it to be passed into law and incorporated in those proper places.

Not only the Bill contains for repeal any enactment affecting a law now in force in the operation of the law of the land.

None of the enactments are proposed for repeal—particularly those of earlier date than the enactment General Clause Acts which provide generally for matters such as the interpretation of references to and the making of appointments, and other things done under Acts repealed by other Acts—except in cases where the repeal of the Act would be of effect in the operation of the law of the land.

Clause 4 has been added to the Bill whereby section 64 of the General Clause Act, 1917, which declaration of the principle that no enactment shall have effect unless it is contained in a general Act, does not apply to any central Act or Regulations containing provisions for the repeal of any enactment.

Signed

The 27th July, 1927.

H. H. HENRI.

The following Bill was introduced in the Legislative Assembly on the 28th September, 1927:—

L.B. 2111. No. 35 OF 1927.

A Bill further to amend the Indian Penal Code and the Code of Criminal Procedure, 1908, for a better purpose.

Whereas it is expedient further to amend the Indian Penal Code and the Code of Criminal Procedure, 1908, for a better purpose appearing, it is hereby enacted as follows:—

1. This Act may be called the Criminal Law Amendment Act, 1927.

2. To amend the Code of Criminal Procedure, 1908, the following shall be added, namely:—

“or if the notice or information required to be given is required by rules made by the Provincial Government, under the provisions of sub-section 10 of section 115 of the Code of Criminal Procedure, 1908, relating to the institution of criminal proceedings, or if notice from the Government is required, with a view to the institution of criminal proceedings, for a case which may be referred to the Board, or with both.”

Amendment of  
section 115,  
Act No. 10 of  
1908.

With the intention of remitting this protective duty and substituting thereon Place in the ordinary Revenue duty of 25 per cent. as follows, as shown in Table No. 11 of the First Schedule to this Act, no steps were taken to withdraw the provision of the protective duty by the amendment of Item No. 31 (D) before the date on which the duty was due to expire under the provisions of section 31 (2) of the Income Tax Act, 1914. The item itself however was not omitted, and its removal has given rise to a doubt whether by virtue of that section Place alone being Place "otherwise specified" in the Schedule can be held liable to the Revenue duty under Item No. 31 of the Schedule.

This doubt is removed as setting this doubt at rest.

Given:

For 27th August, 1927.

A. R. LLOYD

Mr. RAPI,

Secretary to the Government of India.

### Act of Parliament.

The following collection of the Government of India is published:—

### NOTIFICATION. REVENUE DEPARTMENT.

Calcutta, this 25 September 1927.

No. 4/EXDIT-P.—The following extract from the Finance Act, 1927, is published for general information:—

### The Finance Act, 1927.

(1 Edw. 8. & 1 Geo. 6. Ch. 32.)

### CHAPTER IV.

An Act to grant certain duties of Customs and Inland Revenue (including Excise), to alter other duties, and to amend the law relating to Customs and Inland Revenue (including Excise) and the National Debt, and to make further provision in connection with Finance.

[1926 July 1927.]

### Most Gracious Sovereign,

We, Your Majesty's most faithful and loyal subjects the Commons of the United Kingdom in Parliament assembled, humbly praying the necessary supplies to defray Your Majesty's public expenses, and making an addition to the public revenues, have humbly and unanimously resolved to give and grant unto Your Majesty the several duties hereafter mentioned; and do therefore most humbly beseech Your Majesty that it may be enacted, and be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

### PART V.

34.—(1) The enactments set out in the Sixth Schedule to this Act are hereby repealed to the extent mentioned in the third column of that Schedule:—

(2) In the case of the enactments set out in Part II of that Schedule, as from the passing of this Act:

Madras Agricultural Extension Bill, 1935—Kannada and Malayalam.

**Bill to be introduced in the Legislative Assembly of the Province of Madras.**

Under the proviso to rule 73 of the Madras Assembly Rules, the following Bill, together with the statement of objects and reasons, is published for general information:—

*4 Bill further to amend the Madras Motor Vehicles Taxation Act, 1931, for a certain purpose.*

**Madras Assn. 113 of 1935.** WHEREAS it is expedient further to amend the Madras Motor Vehicles Taxation Act, 1931, for the purpose hereinafter appearing: It is hereby enacted as follows:—

1. This Act may be called the Madras Motor Vehicles Taxation (Amendment) Act, 1935.

19-1

[ 41 ]

Amendment  
of  
the  
Madras  
Act  
1931  
1931.

2. In section 10 of the Madras Motor Vehicles Taxation Act, 1931, after subsection (3), the following subsection shall be added, namely:—

"(4) All sums payable to local bodies under this section shall be expenditure charged on the revenue of the Province."

#### STATEMENT OF OBJECTS AND REASONS.

Sub-section (1) of section 10 of the Madras Motor Vehicles Taxation Act, 1931 (Madras Act III of 1931) provides that out of the proceeds of the tax collected each year under that Act, the Provincial Government should pay to each local body in the Province which was levying tolls or a tax on motor vehicles or both, a sum equivalent to the average annual income derived by the local body therefrom. Under sub-section 1B of the same section, if in any year the proceeds aforesaid fall short of the payments due to local bodies, the deficit should be made good in subsequent years. The payments required to be made to local bodies under these provisions were not submitted to the vote of the Legislative Council constituted under the previous Government of India Act, as section 78 D (3) (b) of that Act made all expenditure of which the amount was prescribed by or under any law non-votable. Under clause (g) of section 78 D of the Government of India Act, 1935, an Act of the Provincial Legislature charging the expenditure on Provincial revenue will be required before it can be treated as charged on the revenues. Paragraph 4 (b) of the India and Burma Treasury Provisions Order, 1937, provides that all expenditure the amount of which is prescribed by or under any law to have immediately before the commencement of the Government of India Act, 1935, should be deemed to be expenditure charged on the revenues of the Province in so far as the financial years 1937-38 and 1938-39 are concerned. If the expenditure is to continue to be charged on the revenues thereafter legislation would be necessary. The payments have to be made to local bodies to compensate them for the loss of the income which was being derived by them from tolls and taxes on motor vehicles. It is, therefore, proposed to amend the Madras Motor Vehicles Taxation Act, 1931 (Madras Act III of 1931) by inserting therein a provision that the payment due to local bodies under section 10 of that Act shall be expenditure charged on the revenues of the Province.

K. RAMAN MENON.

Act of the Madras Legislature.

The following Act of the Madras Legislature received the assent of His Excellency the Governor on the 4th October 1937 and is hereby published for general information:—

ACT No. XI OF 1937.

*An Act further to amend the Madras Local Boards Act, 1920, and the Madras Local Boards and Elementary Education (Amendment) Act, 1934, for certain purposes.*

Whereas it is expedient further to amend the Madras Local Boards Act, 1920, and the Madras Local Boards and Elementary Education (Amendment) Act, 1934, for the purposes hereinafter appearing; It is hereby enacted as follows:—

1 This Act may be called the Madras Local Boards (Amendment) Act, 1937.

2 Clause (a) of rule 7 of the Schedule to the Madras Local Boards and Elementary Education (Amendment) Act, 1934, shall be omitted.

3 All persons nominated to any district board under clause (a) aforesaid shall cease to hold office with effect from the commencement of this Act, and the Provincial Government may if they think fit, notwithstanding anything contained in sub-section (3) of section 9 of the Madras Local Boards Act, 1920, direct the elected members of the district board to co-opt as its members—

- (a) one representative of women, and
- (b) one representative each of such of the communities mentioned in clauses (a) to (e) of sub-section (1) of the said section 9 as the Provincial Government may determine.

Provided that no such direction shall be given: in the case of women, if a woman is a member of the district board, and in the case of a community, if a member of that community is a member of the district board;

having been elected thereto to fill a seat reserved for women or for the community concerned, as the case may be.

RV-2

Madras Act  
XIV of  
1937.

Madras Act  
XIV of 1937.

Madras Act  
XIV of 1937.

Amendment  
of rule 7  
of the  
Schedule  
Madras Act  
10 of 1934.  
Nominated  
members of  
District  
Boards to  
vacate office  
and co-  
optation of  
representa-  
tives of  
women  
and of  
certain  
communi-  
ties.

- Qualification to be possessed by co-opted members.** 4. No person shall be co-opted as a member of a district board under this Act unless the name of such person appears on its electoral roll and such person is otherwise qualified for election to the district board under Chapter IV of the Madras Local Boards Act, 1920. Madras Act XIV of 1920.
- Term of office of elected members.** 5. Members co-opted in any district board under this Act shall, subject to the provisions of sub-section (2) of section 34 and sections 56, 57 and 59 of the Madras Local Boards Act, 1920, and of section 8 of this Act, hold office until the date on which the elected members of the district board would vacate their offices by efflux of time. Madras Act XIV of 1920.
- General vacancies.** 6. If a member co-opted to any district board under this Act vacates office before the date referred to in section 5, the elected members of the district board shall co-opt another person to fill the vacancy. The person co-opted shall be a woman or a person belonging to the community concerned, as the case may be.
- Explanation.**—The provisions of sections 4 and 5 shall apply to a member co-opted under this section.
- Procedure.** 7. The procedure for the election of persons who are not members of a district board to the standing committees referred to in section 27-A of the Madras Local Boards Act, 1920, shall *mutatis mutandis* apply to the co-option of members by a district board under this Act. Madras Act XIV of 1920.
- Amalgamation of constituted district boards.** 8. Notwithstanding anything contained in section 3-A of the Madras Local Boards Act, 1920, the Provincial Government shall have power, at any time by notification, to amalgamate two or more districts which were constituted from a single district by a notification under that section, and thereupon the following provisions shall apply:—
- (i) All the elected members of each of the district boards which are amalgamated (hereinafter referred to as the old boards) who were holding office immediately before the date of issue of the notification under this section shall, with effect on and from such date, be deemed to have become members of the amalgamated district board (hereinafter referred to as the new

board), and the co-opted members, if any, of the old boards shall, with effect on and from the same date, be deemed to have vacated their offices.

Madras Act  
XXV of 1920.

- (ii) The members of the new board shall, subject to the provisions of sub-section (2) of section 54 and sections 55, 57 and 58 of the Madras Local Boards Act, 1920, hold office until the date on which they would have vacated their offices on the old boards by efflux of time if a notification under this section had not been issued.

Madras Act  
XXV of 1920.

Section 7 of the Madras Local Boards Act, 1920, in so far as it fixes the maximum number of members of a district board shall not apply to the new board until the date aforesaid.

Madras Act  
XXV of 1920.

- (iii) The circles of the old boards as existing on the date of issue of the notification under this section shall be the circles of the new board, unless and until the Provincial Government otherwise direct by a notification under section 47 of the Madras Local Boards Act, 1920.
- (iv) If any vacancy in the office of an elected member of any of the old boards existed at the time of issue of the notification under this section, a member shall be elected to the new board at a casual election by the circle concerned.
- (v) If any vacancy in the office of a member of the new board occurs otherwise than by efflux of time, such vacancy shall be filled by a casual election by the circle concerned, and any person elected at such an election shall hold office only so long as the member in whose place he is elected would have been entitled to hold office if the vacancy had not occurred.
- (vi) The presidents and vice-presidents of the old boards holding office on the date of issue of the notification under this section shall be deemed to have vacated their respective offices

with effect on and from such date, and the members of the new board shall, as soon as may be thereafter,—

- (a) meet for the election of a president on such date as may be fixed in that behalf by the Collector of the district; and
- (b) meet for the election of the vice-president on such date as may be fixed in that behalf by the president so elected.

Power to  
remove  
difficulties.

9. If any difficulty arises in giving effect to the provisions of this Act, the Provincial Government may, by order, on occasion may require, do anything which appears to them to be necessary to remove the difficulty.

(By order of His Excellency the Governor)

P. APPU NAIR,

Secretary to Government, Legal Department.

അതിന്റെ സംസ്ഥാനത്തിലെ പ്രജാസമിതിയെ കർക്കശം അട്ടിമറിക്കാൻ ആലോചന നടത്താനും വേണ്ടി നിബന്ധന ചെയ്തതും മുമ്പായിരിക്കണം; ഇതിനാൽ വേറെ ചുമതലകൾ ഉണ്ടാകില്ലെന്നും :—

1. (1) ഈ ആക്ട് കർക്കശം തടയാൻ കാര്യം അല്ലെങ്കിൽ മറ്റേതെങ്കിലും മറ്റേതെങ്കിലും വിധത്തിൽ തീർത്തു കൊടുക്കുക, പ്രാപ്തം വേണ്ടുന്ന വിധത്തിൽ തീർത്തു കൊടുക്കുക, അതിനായി അധികാരം നൽകുന്നതിനുള്ള 1937 ലെ അക്ട് അനുസരിച്ച് എന്ന രീതി പ്രകാരം.

(2) ഇതു മതിയായി സംസ്ഥാനം നൽകേണ്ട പ്രാപ്തികളെക്കുറിച്ചും.

(3) ഇതു മതിയായതുകൾ പ്രസ്ഥാനത്തിലുള്ളതും ; എന്നാൽ പ്രാപ്തികളുടെ ശ്രദ്ധയിൽ, സംസ്ഥാനത്തിൽ ചുമതലകൾ—

(a) അതു ചിട്ടയായ ഒരു കമ്മിറ്റിയെക്കൂടി പ്രസ്ഥാനത്തിലായിരിക്കുന്നതാണെന്നും ;

(b) അതുവേണ്ടുന്ന നിയമങ്ങൾക്കും കമ്മിറ്റിയുടെ എല്ലാ അംഗങ്ങളും അതു പ്രസ്ഥാനത്തിലായിരിക്കുന്നതിനും വേണ്ടുന്നതാണെന്നും

പ്രസ്ഥാനം ചെയ്യപ്പെടുന്നതും.

"കർക്കശം" എന്നതിൽ 2. അതിന്റെ "കർക്കശം" എന്നതിൽ ഉൾപ്പെടുന്നു.

(a) അതിന്റെ സംസ്ഥാനത്തിൽ കർക്കശം കൂടി നിയമത്തിന്റെ (ഇതിന്റെ) കർക്കശം ഒരു വിധത്തിലായിരിക്കുന്നതിനായിരിക്കണം ;

(b) 1937 ലെ 20 - ന് വിധത്തിലുള്ള അതിന്റെ അധികാരം കർക്കശത്തിന്റെ വേണ്ടുന്നതാണെന്നും ; അതിന്റെ അധികാരം കർക്കശത്തിന്റെ അധികാരം കർക്കശത്തിന്റെ അധികാരം ;

(c) വേറെ ചുമതലകൾ ഇതിന്റെ കീഴിൽ, അതിന്റെ ;

(d) അതിന്റെ ഒരു വിധത്തിൽ നിയമത്തിൽ ;

(iii) വല്ല തരം തിരുത്തലുകളും സംഭവിക്കുമ്പോൾ പാത്രം;

(iv) വല്ല ഉപവിധവും ചേർത്തിൽ വല്ല യഥാർത്ഥ ജന്മി കാരണത്താൽ കൊടുക്കേണ്ടതായ തിരിയ്ക്കൽ അല്ലെങ്കിൽ വല്ല ഏറ്റെടുപ്പിൽ കീഴിൽ—

അവർക്ക് കൊടുക്കുന്നതും കൊടുക്കേണ്ടതും തുറന്നുകൊടുക്കുവാൻ സ്വീകരിക്കുന്നതും മറ്റുപ്രകാരത്തിൽ കരാറാടിയിരിക്കുന്നതും ചെയ്യുന്ന വല്ല തരംതാഴെ പറയുന്നതല്ല കർത്തവ്യമാണ് എന്നർത്ഥം.

അതായത്,

## SUPPLEMENT TO PART II

OF

## THE FORT ST. GEORGE GAZETTE

No. 42

MADRAS, TUESDAY EVENING, OCTOBER 3, 1937.

[PART II, 4 PAGES.]

ABSTRACT OF SEASON REPORT FOR THE WEEK ENDING  
2<sup>ND</sup> OCTOBER 1937.

## GENERAL SUMMARY.

(Subject from Editor not referred)

Rainfall very heavy in Chingleput, South Arcot, Chittoor, North Arcot, Tiruchirappalli, Madhav, Kallakurichi, Coimbatore, Tanjore, Ramnad and South Kanara, moderate elsewhere. Unusually scanty except in parts of Vengalpet, West Godavari, Kottam, Bellary, Anantapur, Nellore, Chingleput, Chittoor, Cuddalore, Ramnad and Madhav. Unusually scanty in some parts of Chingleput, South Arcot, Coimbatore and Tanjore and some of dry crops in parts of Kottam, Bellary, Anantapur and Coimbatore proceeding. Standing crops generally fair. Harvest of paddy in parts of Coimbatore, Tanjore and Madhav, of rice and cereals in parts of Vengalpet and Cuddalore, and of groundnut in parts of Vengalpet, South Arcot and Coimbatore proceeding; and in general fair except in Vengalpet. Condition of cattle generally good except in parts of East Godavari, West Godavari, Kottam, Ramnad, Chingleput, Nellore and South Kanara. Fodder generally sufficient except in parts of Bellary, Anantapur, Coimbatore and Ramnad. English-moss generally available. Prices rising for rice in Coimbatore and Ramnad, for chilies in Ramnad, for cardam in Chingleput and for ragi in Tanjore; prices falling for chilies in Anantapur and for ragi in Guntur; prices generally stationary in other cases.

B. T. R. MULLI,  
Joint Secretary.Board of Revenue, Madras,  
22nd October 1937.

## DISTRICT REPORTS.

## VENGALPETAM.

Water-supply sufficient for drinking except in Vengalpetam town; insufficient for irrigation in western taluk. Transplanting of paddy proceeding in parts. Harvest of rice, millets and cereals proceeding in parts; millets poor. Pasture available. Fodder sufficient. Condition of cattle generally good. Water is inadequate for agricultural purposes in most of the taluks.

- 11-10-37.

## EAST GODAVARI.

Water-supply sufficient. The Godavari 5 ft. (on shore) runs against 2-30 inch above crest in the last week and 2-50 inch above crest in the corresponding week of the previous year. Standing crops fair. Pasture available. Fodder generally sufficient except in the Bhadrachalam taluk where it is scarce. Condition of cattle generally good except in the Penukonda sub-taluk.

## WEST GODAVARI.

Water-supply sufficient except in parts of the taluks of Eluru and Tadipatri. Standing crops fair. Pasture available. Fodder moderate. Condition of cattle generally good except for deficiency in parts of the taluks of Bhadrachalam, Eluru and Chingleput. Jowar rice planted in the uplands.

## KOTTA.

Water-supply generally sufficient except in the taluks of Tenali and Nandavada and the Jagapattanam sub-taluk. The Kottam 1-50 inch above crest as against 1-10 inch above crest in the last week and 2-10 inch above crest in the corresponding week of the previous year. Standing crops fair. Pasture available. Fodder generally sufficient except in the Jagapattanam sub-taluk. Condition of cattle generally good except for deficiency in parts of the Kottam taluk and about 20 miles in parts of the Bhadrachalam taluk. Prospects favourable on the whole.

## GUNTUR.

Water-supply generally sufficient except in parts and with in the Narasimhaiah taluk. Transplanting of chilies proceeding. Standing crops fair. Fodder sufficient. Pasture available. Condition of cattle generally good. Prospects fair.

## KURNOOL.

Water-supply sufficient. Sowing of chilies and millets proceeding in parts. Standing crops generally fair. Pasture available. Fodder sufficient. Condition of cattle generally good except for deficiency in parts of the Warangal taluk. Prospects generally fair. More rain required in parts of the Dhone taluk and the Othello sub-taluk.

[ 1 ]

## BELLARY.

Water-supply generally sufficient in other districts and generally not adequate in other districts. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## ASIANPACH.

Water-supply sufficient in some districts, but insufficient in others. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## CUDDEPALLE.

Water-supply generally sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## NELLORE.

Water-supply sufficient for drinking, generally sufficient for irrigation except in some districts in parts of the taluks of Nellore, Kottali and Puthi. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## CHENNAI.

Water-supply not very sufficient for the present requirements of the district. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## SOUTH ARCAN.

Water-supply not very sufficient for the present requirements of the district. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## CHITTOOR.

Water-supply generally sufficient except in some districts in parts of the taluks of Bellary, Hosur and Alur. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## SOUTH ARCAN.

The supply of water is generally fair for the district as a whole. Standing crops generally good. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## SALEM.

(Report not received.)

## CHENNAI.

Water-supply generally sufficient for drinking and domestic use in parts of the taluks of Bellary, Hosur and Alur. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## TRICHINAPOLY.

Water-supply generally sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## TANJORE.

Water-supply sufficient. Height of water at the tank about 4-5 feet above the level of the tank. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## MADRAS.

Water-supply generally sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## MADRAS.

Water-supply sufficient for drinking, (sufficient for irrigation except in some districts in parts of the taluks of Bellary, Hosur and Alur. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.)

## TINNEVELLY.

Water-supply sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## MALABAR.

Water-supply sufficient except in some districts in parts of the taluks of Bellary, Hosur and Alur. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## SOUTH KANARA.

Water-supply sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good. Employment available for seasonal operations and continued movement of cattle in the district. Prospects for the season satisfactory for the present.

## THE NILGIRIS.

Water-supply sufficient. Standing crops fair. Paddy available in small quantities in parts of the taluks of Bellary, Hosur and Alur. Condition of crops generally good.
